Dr. James Hall

Dear Sir yours under dat 11th were received this morning informing me of the time fixt for the sailing of the cora: after I received your first note I dropt Mr McLain with a few lines he also informed me of the time ~~the~~ fixt for the sailing of the cora but did not say wether he would be willing to reduce ~~the~~ price but gave me the price of cabin & steerage. I did not come over in the steerage nor do I think I will go out in one. so if you could make your influence with him & get my passage reduced for me, as I would like to go out in the first vessel that leaves for Monrovia as it is getting too cold for me, though I have an offer back in the same vessel I came in. but as she will not be sailing for some time yet. I came over for 50$ & can go in here for the same. but I dos not want to stop here untill see if I can get a way as I have been here longer than I came prepard to stop my means is growing quit slim. Mr McLain did not say if the vessel would take freight. as I may have some but cannot tell for a day or two. so if you would favor me by trying to reduce my passage to 75$ or less for me I would consider my self under a thousand obligation to you. pray do let me hear from you as soon as you can

Your Truly
