May the hearts of some of our friends in the United States be turned towards our infant republic for the relief of her suffering poor

I am daily looking for the John Stebens, though not a little puzzled to know what I shall do with the Immigrants I may receive by her. The Receptacle being occupied by the E. O Immigrants, which houses in consequence of the present rupture will probably not be sufficiently advanced for them to occupy for the next two or three months. The E. O immigrants are getting along well there has been but two deaths since I last wrote making three in all. two infants and one adult the adult and one of the Children being sick when landed. I must not forget to mention the death of our Ex-Governor W. Prout He died in the evening of the 22 inst after an illness of only one or two days Mr William Davis the gentleman who came out in the Shirley on business for the Episc Bd of Missions, requests that you would say to any of his friends with whom you may meet that he is at this date quite well

I am dear Sir
