Dr James Hall

Dear Sir you will confer a favour upon me by forwarding these letters by the President Benson. I regret very much that I am not prepared to sail in her. But I suppose you are aware of the Cause of my remaining in the U.S. I propose remaining in the Hospital and thereby properly prepare myself for future usefulness in Africa. the advantages are indeed very great. I have already assisted in performing several post Mortem Examinations. one Case of Aneurism of the Ascending Aorta Sack weighed four pounds. also one of Phthisis pulmonalis. the pathological appearances were most beautifully marked. Success to the Benson.

I am Sir Your most Obedient humble Servt.
