Greenville Sinoe County
Republic of Liberia July 20th/58

To Dr James Hall

Dear Sister I promised me when we parted to write you but supposing you had so many letters from Liberia a line from me would be of but little importance I therefor thought I would not trouble you at least untill I had something to say after waiting from that time up to the present moment for something of importance & interest I find myself in the same condition you left me at Sinoe if you remember where I am now with my family engaged in the Missionary work as formerly I have laboured very hard during of the time keeping of School & Preaching 4 or 5 times in a week 3 times on the Sabbath & twice at night I have in addition to this been called on to render medical aid to the sick this year as we have no Doctor in the Settelment as Dr Snowdon is a way so from what little medical knowledge I received while subbing under Dr W Johnson our old friend while at Bassa have been called in to use by all classes of
