II A 24

Baltimore, Aug. 1858.

Dr. James Hall,

Sir — A few days since the Rev. Mr. Cullum called on me to ascertain the cost of printing 10,000 copies of "Liberia." I gave him an estimate based on the same size of type, page and quality of paper as the copy presented.

I would respectfully suggest that by using one size smaller type and increasing the size of the page a fraction, I think there could be a saving of about $150 in the edition.

If you have not disposed of the contract I would like to submit an estimate as above intimated.

My facilities are such as to enable me to execute large orders with expedition.

Very respectfully

James Young

Mr. Foy
