My dear Sir

By the King Fisher which sails tomorrow morning for Monrovia, and thence in a few days for the United States I embrace the opportunity of sending my Semiannual a/c up to June 30/58. I regret very much that since the sailing of the Mr 6 Stevens I have had till now, no opportunity of sending them. My reasons for not sending them in the Stevens I stated in my letter to you by her. I hope the delay has caused no inconvenience

The woman, Mrs Young and four children, the entire expedition for this County are doing well They have all had attacks of the acclimating fever and are now convalescent. Those also by voyage
