Our natives are improving. The natives are quiet — & perfectly contented in their new homes. We are rejoicing in the monthly visits of the Steamers. To land provisions (as well as perhaps to receive them) is I believe the chief reason for the change of place from Monrovia to here. —
We have had the measles here, both among colonists & natives. Dr D. Lyon who resides here as resident Physician, is doing well, we like him much. —
Mrs Hoffman continues in the enjoyment of good health. The Bishop & Mrs Payne go to America in the "Stevens" effective next month. — Affectionate remembrance to your loved daughter
P.S. Yellow Mill * I am truly & truly yours
is as well as usual
