collecting more. I wait the receipt of the "Sao Hall" to commence collecting. The "Moses" had not left Liverpl. on the 2nd Septr. she had finished repairs & I guess must be well nigh Monrovia or the coast by this. I start for Monrovia on the 18th inst and hope to meet and come down in her.

The "Ocean Eagle" is now here selling and trusting principally Lumber, with some few provisions, I judge she will sell and trust to the amt of about $800 or $900. to receive pay on her return from Gaboon in 6 weeks or 2 Mos

The "Mendi" went below here, to get about 200 galls P. Oil and was detained a few days over 2 Mos. She passed up only 3 days ago. the Stmr "Seth Grosvenor" is only a fly up the Creek affair, running between here and Monrovia only for show, and doing nothing she neither brings or carries freight or passengers of any amount that I can learn of, I am afraid the whole concern will prove a regular swamping business for all parties concerned tho. I hope not as it will tell badly against Liberian interests.

Our family were all well on the 5th inst. hoping you and yours and enjoying good health, with kind regards to them, believe me

Yours very Truly
