Dr. Nalle's report of George McGill is truly painful, mortifying. Let him return home — I think we have done with him —

I am hurried & pressed for time, will write by Mail if any thing new turns up.

Should the "Palmas" be near loaded we will not take out our Oil. Could we have thought that the "Palmas" would not have procured a load we would not have engaged to ship by another vessel in preference to yours — of late days it hard to plan right —

Yours Most truly
