Monrovia January 15. 1862

II A 28

Messrs G. W. S. Hall & Co
Baltimore.

Dear Sirs.

Your several letters &c dated Oct. last were duly received, pr. Brig "I H. Jones."

Freights have all received. We have 1 doz pair of Ladies Gaiters that do not charged in your Invoice. The Watches are all right and have been delivered as directed, with the exception of Thompsons which will be forwarded to Cape Palmas.

Gunpowder has been landed in excess of the quantities stated in the Bills of Lading; whenever it reaches our hands we will render an account thereof. The 12½ ℔ Kegs became mix'd with, and were landed at the Government store as tenths, and now have to be over-hauled in order to arrive at correct accounts of quantities.

The Shoes for Payne, Gates & Co have been delivered. The Box for B. A. Payne, fell into the hands of P. & Gates, we did not demand it of them, presume that it has been forwarded.

Elias Outland dec^d. was the person from whom you had the Coffee, we have therefore delivered the 3 Bbls of Mackerel to his widow.

Accept our thanks for the execution of our order, we have to express regret however that you have entirely overlooked the two first articles ordered for U. A. McGill, viz "1 Ladies Work Box complete" and "1 Blue Silk Dress Pattern with trimmings." please send them as early as possible. Our order for Cape Palmas has not been filled, we have had in consequence to share our limited stock with Roezel.

We have the Landing Certificate for the Sugar received by the I H Jones; and will endeavor if should we decide to send this communication by the Brig. The Certificates you sent us, did not seem to us of the right kind we have therefore substituted others such as we have heretofore used; we trust that all is right.

January 17. The English "Homeward bound" Steamer ordered to touch here to carry Liberian commodities to the Exhibition is now in sight. Georgie Williams wedding last night, preparations for it, with arrangements getting the bridal party off to her husbands (Russell's) up river home, has up to the present moment prevented the extension of my letter.
