before he died he called his wife "Dear" "Dear" "There is Nothing on my mind" — Then the doctor says were his last words. —

His death was a Blessing and if it was by foul means the God he served will avenge it. —

We owned now he has turns become a liar over Line, Reeb & Antoni girls S. Louis, next door and aid in the Hospital the Rattan patients — but for this we need $300 fortnight.

The Hospital is at last occupied though not finished, the 2d & 3d Stories are done but the first floor & Chimney are still incomplete. It has cost $5,400 — we have no debt, and are just depending on that unfailing source were we have hitherto found an unfailing supply. — It is a work for God, and from Him we shall have help. Its usefulness is more and more apparent. The Natives all around, like it much. The portico is unfinished, we are delayed for plank. — Robert Denkyer who is the Native is expected next Month from Monrovia. — We have planted trees & laid off the ground. a fine stone wall runs in front all the way down to the cross street, (Brice street), we have obtained the property to that point on this side —

We hope this year to finish it. Marks Chapel, tower & steeple are needed — & the inside plastered. (Boy, I shall left!)
