get ripe, I shall be glad to look in upon you but it is by no means certain that we can do it. When could you get such a conjuncture of impossibilities as to start "us four!" So all I can say is "Sail ho!" I have no expectation of getting them to go & stay all night — they will not go without me — nor let me go without them — And I do not want to start off in the early train — & come back in the late one. And Syd is poorly — has been so liable to be laid up any time — just as my wife — awful headaches — So that the prospect of our going is most uncertain — but I am nevertheless Yours
