"Papers Miscarried".
But as that is a professional
word peculiar to your Persuasion, I suppose I
need not trouble myself
about it!

When I said to the
Prince that the affr did not
suit me, I only meant to
answer his peculiar question
"if they suit me?" as if it
was to suit me that the affrs
were — & I thought I had
guarded against any
bad effect it might have
on you by saying we could
fix it all, without troubling
you to alter the affrs — & that
you need not even trouble
yourself to "come down" and
explain them, as we would
put them through "straight",
& all you need do, was to
send the vouchers. I
thought that would put you
at quiet — but as it has
not let me say now that
I do not think you need
torment yourself coming
down to attend to them.
