Washington D.C. 13 May 1871

My Dear Sir

I have received a letter from Mr. G. W. S. Hall, in which he says the Golconda does not show signs "that she had worked to any great extent" — that "she is to be taken upon Wednesday next & entire damage ascertained" that "Mr. Pollion thinks if you want an emigrant vessel she is the very best one you can get for the purpose." And then he asks the pregnant question "Shall she be caulked & opened, after up, in case she looks no worse up & is likely to be fitted for the work?" He says he may be here before Wednesday, but asks me to write — & so I have written him to the care of Peabody, Williston. & I write this to you that you may know all I know, & that I have said to him we cannot now say whether she shall be "caulked & opened"
