Mr Coppinger returned yesterday & reports that the "Edith Rose" went to sea last tuesday the 7th — the winds having adverse for three days — with 243 emigts. aboard. We started with a fixed number of 220 & found ourselves obliged to to take 243! We have sometimes seen it otherwise!

Have you seen the Liberia Republican of the 16 Sep. or the Register of about the 19th July — and have you any conception of what will be the state of things in Monrovia, & the interior, when our expeditionarrives? And does it ever cross your mind that you have been working for more than thirty years, with the purest intentions and the most unselfish intentions,
