LAST NOTICE.

WITH due deference to the feelings of every individual, I would once more remind the public of the necessity of closing all arrears due me as late Sheriff and Collector forthwith.—I have no time left for indulgence—it is not a mere matter of will with me, to compel payments in oppressive times like these, but it is a matter of sheer necessity and compulsion, over which I have no control; I do therefore hope and trust, that every one in arrears for officers fees, county charges direct or income taxes, for 1840, 41 or 1842, will save me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is daily accruing, the loss is considered upon the increase of State Certificates, a few weeks ago, State Certificates for 1842 could have been bought for 65 cents in the dollar, but they are now up to 85 cents, and will soon be up as high as certificates for 1841, which is 95 cents in the dollar.
JOHN H. HODSON, late Sheriff & Col.

SHERIFF & COLLECTORS

NOTICE.

THE undersigned respectfully informs the public that his books are posted and he is ready and anxious to receive officers fees, county charges and direct taxes, which are now due for the present year 1843. The whole of the officers fees and county levy, amounting to about \$20,000 will be demandable of me in a short time, and without prompt payments are made to me, (which I am determined to enforce) I shall not be able to meet the demands on me with punctuality, I wish it distinctly understood that the Direct or State taxes for the present year 1843, are also due and have been ever since June last, I repeat this to counteract the false impression that the State tax will not be due until the first of January 1844.—Those desirous to avail themselves of the advantage of State Certificates, can purchase them of Josiah Bayley Esq. at a liberal discount.
WM. B. DAIL, Sheriff & Col.
July 22, 1843.

Notice.

THE public are notified that the undersigned hath presented to the Board of Commissioners for Dorchester County a list of lands, whereon no personal property can be found liable for the payment of the County charges due me thereon, and where as by an Act of the last Legislature of Maryland Chapter 133, the laws in regard to the sales of such lands by Collectors have been materially altered & amended, and whereas many of those lands have changed owners since those changes have become due. In consequence of which it is desirable that land holders generally would examine carefully the advertisement as some of their lands may be exposed to sale for charges due under former owners; and tax payers generally are interested in making the lands sell, as all deficiencies will have to come against the County as insolvent and will if large swell the county levy beyond the usual amount. TO THE PUBLIC.

THE LAWS OF NATURE. It is an undoubted fact that nature has provided specific remedies (in the Vegetable Kingdom) for every disease that "flesh is heir to"—and it is also a fact that these same remedies, if taken at a proper time and season, will eradicate disease and restore health but experience has taught us that when the various roots and plants which constitute those remedies have been long time gathered from their native soil, transported across the seas, dried in the suns of many summers, and withered by the frosts of many winters their curative properties are much diminished, and in order to produce the desired effect upon the human system, it becomes necessary to administer them in large doses—hence arises the nausea, griping, and miserable sensations after taking badly prepared and impure medicines.
But Science, whose noblest work is to alleviate the sufferings of human nature, has enabled the proprietor of

STAINBURN'S

—VEGETABLE EXTRACT PILLS.— To extract, by means of new scientific machinery, all the medicinal virtues, in their purest and original form from the remedies nature has given for the use of man without any of those inert portions which irritate and annoy the system. Thus forming Nature's true remedy, pure, perfect, and original.
Stainburn's Vegetable Extract Pills are made of twenty seven pure vegetable extracts, and those extracts are obtained by new scientific machinery, without boiling. The extractive matter is obtained in its pure state, just as it is in the LIVING VEGETABLE. If it were obtained otherwise, it would not be safe, because experience has shown that pills which are generally made after the old process, (from powders) whether vegetable or mineral, have after effects often dangerous in their nature, always unpleasant in their action on the system, and in many cases leaving the various organs in the body in a worse state than before their use.
These Pills, from their purity of composition, being MADE ENTIRELY OF EXTRACTS, cure at once, by purging from the system all acrimonious humors, thereby purifying the blood and fluids; and by regulating and strengthening the digestive organs give tone to the nervous system, and energy to the mind.
They do not leave those who take them constive, as is too often the case with ANCIENT AND IMPURE remedies. The Vegetable Extract Pills may be used for any length of time, and when discontinued they will leave the system healthy and free from that dreadful malady, constipation of the bowels, as the testimony of hundreds prove.

THE CASES OF CURE performed by the Vegetable Extract Pills, have now become so numerous that the proprietors are obliged, instead of publishing at length the particulars, only to give an abstract of several testimonials.
