PETERS' WORM LOZENGES

Are acknowledged by the faculty to be the most scien-
tific and successful preparation for the destruction of
worms ever offered to the public. There are several
medicines advertised as specific in such cases, but
they have proved so uncertain and worthless, as to
have lost all confidence with the public. Some of them
are so violent in their operation, as to frequently lead
to fatal results; the public therefore, is cautioned
against them. These lozenges, while they will be
found to be perfectly safe, will at the same time never
fail, where worms are present, to destroy them.

These lozenges are entirely pleasant to the taste,
and children will eat them as readily as a common
peppermint Lozenge. As parents we say, do not be
without these lozenges. Attend to these suggestions
as you value the lives of your children.

Wm. Renshaw, merchant, of Hudson street, had a
little girl eight years old who was given up by two
physicians as incurable. They did not know what
ailed her. One box of Peter's Worm Lozenges re-
sured the child to perfect health.

Mrs. Catharine Ann Briggs, Cherry street, Phila-
delphia, has a little daughter who had been on the
decline for several years. At times she would eat voraciously,
and sometimes eat nothing at all, and was fast
wasting away. Her symptoms were so unusual and
contradictory, that the doctors knew not what to do
but do what they would, she constantly grew worse
and reluctantly they declared she must die. At the
request of a friend, the mother, at this stage, procured
a box of Peter's Worm Lozenges. The first dose
infused all that worms were the cause of all the child
suffering, and two boxes effected a complete cure.

Mr. James Carpenter, merchant, Roosevelt-street,
New York, says Dr. Peter's Worm Lozenges possess

PETERS' COUGH LOZENGES

Are now rapidly superseding all other preparations for
the relief of Coughs, Colds, Whooping Coughs, Asthma,
Catarrh, Tightness of the Chest, Bronchitis, and
similar pulmonary affections. It is now well estab-
lished, that a large proportion of cases of Consumption,
by which so many valuable lives are annually sacrific-
ed, owe their origin to neglected Coughs and Colds,
which might easily have been removed at an early
period. No medicine will be found so efficacious in
curing such cases as these lozenges. They infallibly
alleviate the cough, by removing the irritation which
keeps it up; while at the same time they promote ex-
pectoration, and relieve congestion.

Peter's Cough Lozenges have performed some of the
most remarkable cures on record. One trial of them is
more satisfactory than a column of certificates.

The Rev. George Parker has used Peter's Cough
Lozenges with decided benefit. He speaks of them in
the highest terms, and recommends them to all his
friends.

Dr. Henry C. Brown says Peter's Cough Lozenges
are the best cough medicine extant. He has de-
rived great benefit from them himself, and recommends
them extensively in his private practice.

Mr. Charles W. Lee, of Franklin-street, was cured
of a severe cough of four months standing by one sin-
gle box of Peter's Cough Lozenges.

Mr. J. E. Jones, of Marlboro', had a violent and
racking cough, night sweats, occasional fever, and all
the preliminary symptoms of Consumption. He had
scarcely slept an hour for weeks. Learning his alarm-
ing situation, the agent gave him a few of Peter's
Cough Lozenges, which enabled him to sleep quiet,
and two boxes cured him. He says they saved his
life.

**PETERS' VEGETABLE SHILLING
STRENGTHENING PLASTER.**

This is not only the cheapest, but the best, neatest,
and most comfortable plaster in existence, and is pre-
pared on a plan different altogether from any plaster
now before the public.

Peter's Shilling Plaster is an easy and most effec-
tive remedy for pain in the breast, side, or stomach;
weakness or pain in the chest, ribs, or back; stiffness
of the neck; affections of the limbs or joints, whether
produced by rheumatism or other causes; habitual pain
of the head or stomach; piles, colds, coughs; lumbago;
complaints; weakness of the spine; predisposition to
break out in bites and pimples, listlessness of the
frame; and for general debility.

TO MY FRIENDS GENERALLY.

TAILORING

WILLIAM C. LITTLETON.

I have taken the Shop on Race street, next
door to the office of John F. Henry Esq., and
nearly opposite the store of James Straight & Co.,
where I would be glad to receive the patronage
of my friends and the public generally.

From my experience in the business and the
satisfaction I have heretofore given, I think I can
safely guarantee that all work entrusted to me shall
be as neatly and expeditiously made up as at any
establishment in the Eastern Shore.

All garments made by me warranted to fit, or
like materials returned. My charges shall be
moderate.

THE subscriber respectfully informs his friends
and the public generally that he has re-
moved to the House known as the MASONIC HO-
TEL—for many years occupied by the late Wm. Flint—
and is now prepared to entertain travellers
and others who may feel disposed to patronize
him. His house is large and commodious and
pleasantly situated in the most business part of
the town; his table shall be supplied with the best
fare that can be procured. With a view to the
real comfort of his patrons, at a great sacrifice to
his pecuniary interest, the subscriber has deter-
mined to conduct his business upon strictly Tem-
perance principles; it being his object to combine
the quiet of a private boarding house with the
more extensive accommodations of a Hotel, and by
the most unwearied assiduity to promote the
comfort of his visitors, and establish a House
which for its means of comfort and excellence of
fare and attention of servants, shall not be excelled
by any other establishment on the Shore.

The Mail-stage from Somerset and Worcester
arrives at his house twice a week, Tuesdays and
Fridays, and leaves for that section every Wed-
nesdays and Saturdays in each week.

CHICKERING'S PATENT ACTION PIANO

THE subscriber is constantly receiving super Rose
wood and Mahogany 6 & 7 octave PIANO
FORTEs from the celebrated factory of Chickering,
Boston, with metallic plates and metal frames. These
Pianos have Chickering's patent action, which is
admitted by Piano Forte players to possess qualities
long sought for by the best makers. A damper pedal
has also been added, which has the effect of placing
the keys upon one string without moving the key-
board, which produces a soft and delightful quality of
tone. Having made a great number of these Instru-
ments and never having received any complaint,
subscriber can confidently recommend them to pur-
chasers. They stand remarkably well in tune, a de-
sirable quality, especially where tuners are seldom to
be had.

Also, German PIANO FORTEs of superior quality
and finish, made by Rosenkranz expressly for this
market, and for sale at the lowest prices.

**J. PEASE & SON'S
CELEBRATED REMEDY
FOR
CONSUMPTION, COUGHS AND COLDS,
KNOWN AS
CLARIFIED ESSENCE OF
HOARHOUD CANDY.**

SOLD AT 41 DEVINSON ST.

This pleasant medicine is formed by a combination of
twenty-five different ingredients, all celebrated for
the cure of Colds, Coughs, and Pulmonary
Complaints; and by its combination, if
one of these articles should be used
separately, it affords no relief,
in the EXTRACT OF HOAR-
HOUD CANDY, that
the benefit of
the whole is experienced in one compound.

About three years and a half ago, this article was
first brought before the public. It was heralded with
no previous announcement of its merit or value, but it
was introduced by the proprietors to the community,
to stand by their decision as regarded its beneficial in-
fluence. That decision has been attained in a manner
almost unexpected. The unsought acknowledgment
of its worth has proceeded spontaneously from thou-
sands who have practically experienced its benefits
throughout the country. And why is it so? Because
of the truth of its qualities in

CONSUMPTION.

has given it a value that no other similar medicine
ever reached.

Complaints of the Lungs are the most danger-
ous, and at the same time most prevalent of all
diseases. Our climate is most peculiar—it changes
suddenly from extreme warmth to extreme coldness,
from wet to dry, and it is from this change in the
climate that diseases are apt to arise.

When the blood is in an unhealthy state, and the
constitution naturally delicate, if a cold sets in, and
remains unremoved, it will gradually impinge upon
the organs of the chest, and the patient attacked, it is
then taken in time, that disease is checked and
life saved. There is no disease but may not be suf-
fered to go such a length, that no medicine or physi-
cian in the world can save the patient attacked, but it
should be removed by all the safety of life, to be
prepared to time. At the first symptom of a Cold,
Cough, or Chillsiness, the CLARIFIED ESSENCE OF
HOARHOUD CANDY should be freely used accord-
ing to the directions, and in every case where it is so
taken in proper time, the cold or cough will be broken
up or eradicated. We feel it our duty to impress this
upon every one; all remedies must be taken in time.

The most fatal disease experienced in the United
States is CONSUMPTION. The annual number of
deaths is alarming—and yet a moment's reflection
will convince any one that negligence—yes, neglect
is the sole cause of death by Consumption.

In the first place the LUNGS must be care-
fully protected before the disease sets in—there can be no
affection of the lungs without a COUGH—there can be
no COUGH without a COLD. This is indisputable, no
medical man will deny it. Now what is the course
to be pursued at the commencement? Seek the most
appropriate remedy, and use it at once. This remedy
is the Compound Extract of Hoarhound, at the first
symptom of a Cold or Chillsiness, a few snuffs will en-
tirely remove the primary and incipient causes of
Consumption. If neglected, the lungs finally become
ulcerated and decayed, when no medicine beneath the
sun will save the life of the sufferer.

This medicine is not only a curative of Colds, but it
combines in its ingredients a most efficacious cathartic.
A roll and a half taken daily of Hoarhound Candy,
will act and exert to the tonic, purgative operation
throughout the system as effective as the most laxa-
tive medicine, without giving pain or suffering—
This, of itself, should be regarded, as to most people
any medicine which partakes of nauseousness is de-
cried and neglected when it should be taken.

Another thing should be remembered—the most health-
some of all diseases, the SMALL POX, never comes
without the preliminary symptoms of Cold,—pain in
the back, and a fullness of the head, springing from a
chilled system, denotes its presence. All this can be
guarded against in time. Nature has so organized
the human frame, that it gives regular notice of the
attacks of disease, if we will be prepared to meet them.
Why should we not be? Our own negligence and
repentance when too late is the only answer, and
DEATH the final result. We say unhesitatingly to
the public, that for the complaints before enumerated,
viz. Coughs, Colds, Complaints of the Lungs, and all
Preliminary Signs of Consumption, Pease's Com-
pound Extract of Hoarhound remains without a rival.

MEDICAL MEN, THE CLERGY, and profes-
sional speakers have given their approbation and cer-
tificates in regard to their opinion of its merits.—
Wherever the voice is used professionally its value is
of extraordinary benefit, it softens the tones and keeps
them stronger and sweeter. The Pease's Candy and
BAR have repeatedly given this acknowledgment.
The PUBLIC PRESS throughout the United States
and Europe, have spoken of it in the highest terms,
and its worth has been fully tested by all classes of
the community.

The distinguished clergymen, have used the Com-
pound EXTRACT OF HOARHOUD, made by J.
PEASE & Son, and freely recommend it to their breth-
ren throughout the Union.

SHINN AND SELLERS' LIVER PILLS.

A remedy for the Diseases of the Season.

It is admitted by pathologists of the highest autho-
rity, that no organ of the human body is so readily
disordered in its functions as the Liver. The health
of summer, arises in diet, and the never ceasing in-
creases of some few of the many symptoms which in-
dicate the approach of winter give more or less evi-
dence to hundreds of persons in every vicinity of hep-
atic disturbance. Restless nights, dry tongue, loss of
appetite, head ache, pains in the sides, slight cough,
constipated or irregular bowels, with or without fever,
are some few of the many symptoms which indicate
that mischief is at work in the system, and that it
should be corrected. Persons who seek relief from
these symptoms by continual purging, often resort to
some of the ephemeral products of the day, with the
effect only of postponing a cure, which better remedies
must finally accomplish.

Not only do persons residing in districts of country
always subject to agues and bilious fevers, suffer
from super or other derangement of the Liver, but
also in the highest and healthiest regions. In our
own sections we are not free from agues. Individuals
who rest so securely in the notion of extreme health
and who attach no importance to the symptoms above
recited, may nevertheless by laboring under the very
causes of disease to which their attention is now in-
dicated. In malarial districts, known to every one
such a glance in the use of means is compelled by ar-
gent necessity, whilst in healthier regions persons
really in danger are lulled into a false security. To
all such persons the Liver Pills is recommended. It
having well established claims to their confidence, at
a mild and safe aperient, not only opening the bowels
as comfortably as other pills, but at the same time act-
ing on the functions of the liver and restoring them
to health. They do not relieve the symptoms by
mere purging, and thus invite to an incessant con-
sumption of pills, box by box for the benefit of a
vender, but by a mild and curative process they enable
the patient finally to dispense with their further
employment.
