

NEGROES WNTED.

THE highest cash prices will at all times be given for NEGROES of both sexes, that are slaves for life, and good titles. My office is in FRAT STREET, between Sharp and Howard sts., No. 86, where myself or my agent, Jonathan M. Wilson, can be seen at all times. All persons having Negroes to sell would do well to send them to be engaged in the trade, and always buying and selling in the New Orleans market. I will also receive and keep Negroes at twenty five cents each per day, and forward them to any Southern port at the request of the owner. My establishment is large, comfortable, airy and all above ground, and kept in complete order, with a large yard for exercise, and is the strongest and most splendid building of the kind in the United States. July 15, 1843.—H. HOPE H. SLATTER. N. B. All communications promptly attended to.

WOOL! WOOL! WOOL!

THE subscriber respectfully informs the public that the business of Owingville Woolen Factory last year was conducted entirely under his management, and that he has all the principal workmen employed there, also part of the machinery, and all the tools, and is prepared to attend to orders in the line of wool, in all the States. Customers will send their wool to the care of some one in Baltimore and send it to us respecting it. Prices same as last year. Address James Mitchell & Co., care of Wells Chase, No. 6 South Eustis Street, Baltimore.

A new and beautiful style of Carpeting made from the best 64 1/2 cts. per yard, when the yarn is finished 44 cts. per yard. No commission will be charged. JAMES MITCHELL & CO. July 1, 1843. N. B. Mr. H. C. Hicks is no longer my agent.

LAST NOTICE.

WITH due deference to the feelings of every individual, I would once more remind the public of the necessity of closing all arrears due me as late Sheriff and Collector forthwith. I have no time left for indulgence—it is not a mere matter of will with me, to compel payments in oppressive times like these, but it is a matter of sheer necessity and compulsion, over which I have no control; I do therefore hope and trust, that every one in arrears for officers fees, county charges direct or indirect, for 1840, 41, or 1842, will save me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is daily accruing, the loss is considerable upon the increase of State Certificates, a few weeks ago, State Certificates for 1842 could have been bought for 65 cents in the dollar, and they are now up to 85 cents, and will soon be up to 95 cents as certificates for 1841, which is 95 cents in the dollar. JOHN H. HODSON, late Sheriff & Col. July 29th 1843.

TO THE PUBLIC. THE LAWS OF NATURE.

It is an undoubted fact that nature has provided specific remedies (in the Vegetable Kingdom) for every disease that flesh is heir to—and it is also a fact that these same remedies, if taken at a proper time and season, will eradicate disease and restore health. I have long and anxiously sought for these remedies, and have been for a long time gathered from their native soil transported across the seas, dried in the suns of many summers, and withered by the frosts of many winters; their curative properties are much diminished, and in order to produce the desired effect upon the human system, it becomes necessary to administer them in large doses—these doses arise the nausea, griping and miserable sensations after taking highly prepared and impure medicine. But Science, whose noblest work is to alleviate the sufferings of human nature, has enabled the proprietor of

STAINBURN'S

—VEGETABLE EXTRACT PILLS— To extract, in the most scientific manner, all the medicinal virtues, in their purest and original form from the remedies nature has given for the use of man without any of those inert portions which irritate and annoy the system. Thus forming Nature's true remedy, pure, perfect, and original. Stainburn's Vegetable Extract Pills are made of twenty seven pure vegetable extracts, and those extracts are obtained by new scientific machinery, with out boiling. The extractive matter is obtained in its pure state, just as it is in the LIVING VEGETABLE. It is not obtained otherwise, it would not be safe, because experience has shown that pills which are generally made after the old process, (from powders) whether vegetable or mineral, have after effects often dangerous in their nature, always unpleasant to their action on the system, and in many cases leaving the various organs in the body in a worse state than before their use. These Pills, from their purity of composition, being MADE ENTIRELY OF EXTRACTS, cure at once, by purging from the system all acrimonious humors, thereby purifying the blood and fluids; and by regulating and strengthening the digestive organs give tone to the nervous system, and energy to the mind. They do not have those who take them, restive, as is too often the case with ancient and impure remedies. The Vegetable Extract Pills may be used for any length of time, and when discontinued they will leave the system healthy and free from that dreadful malady, constipation of the bowels, as the testimony of hundreds prove.

THE CASES OF CURE

performed by the Stainburn's Vegetable Extract Pills, have now become so numerous that the proprietors are obliged, instead of publishing at length the particulars, only to give an abstract of several testimonials. CURES—READ AND JUDGE. Mrs. Martin, of No. 472 Greenwich st., N. Y., cured of the liver complaint and violent pains throughout her body, of 4 years standing. Mrs. Waterbury, of No. 83 Varick st., N. Y., cured of the salt rheum, attended with frequent pains in her head, after 6 years standing. Mrs. W. of No. 14 Dominick st., N. Y., cured of violent pains throughout her body, of 6 years standing. Mrs. Rachel Tibbick, of Wallabout, Long Island, cured of habitual constipation, of 16 years standing. Mrs. Mahy, of No. 76 Sheriff st., N. Y., cured of the dysentery. Mrs. Frisley and two children, of Brooklyn, N. Y., cured of violent coughs and colds. Mr. Squire of the firm of Squire & Sherwood (Brewers) No. 102 Duane st., N. Y., cured of a severe cold and pains throughout his body. Mr. Wm. F. Johnson, of No. 42 9th avenue, N. Y., cured of the fever and ague in its first stages and of long standing. Jan 14, 1843—ly

PETERS' COUGH LOZENGES.

Are now rapidly superseding all other preparations for the relief of Coughs, Whooping Coughs, Asthma, Catarrh, Tightness of the Chest, Bronchitis, and similar pulmonary affections. It is now well established, that a large proportion of cases of Consumption, by which so many valuable lives are annually sacrificed, owe their origin to neglected Coughs and Croup, which might easily have been removed at an early period. No medicine will be found so efficacious in curing such cases as these lozenges. They infallibly allay the cough, by removing the irritation which keeps it up; while at the same time they promote expectoration, and relieve congestion. Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more satisfactory than a column of certificates. The Rev. George Parker has used Peters' Cough Lozenges with decided benefit. He speaks of them in the highest terms, and recommends them to all his friends. Dr. Henry C. Brown says Peters' Cough Lozenges are the best, strong medicine extant. He has derived great benefit from them himself, and recommends them extensively to his private practice. Mr. Charles W. ... of a severe cough, but in one single box of Peters' Cough Lozenges. Mr. J. E. Jones, of Marlboro, had a violent and raging cough, night sweats, occasional fever, and all the preliminary symptoms of Consumption. He had scarcely slept an hour for weeks. Learning his alarming situation, the agent gave him a few of Peters' Cough Lozenges, which enabled him to sleep quiet, and two boxes cured him. He says they saved his life.

PETERS' VEGETABLE SHILING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, nearest, and most comfortable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public. Peters' Shilings Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness or pain in the chest, loins, or back; stiffness of the neck; rheumatism of the limbs or joints, whether produced by inflammation or other causes; neuralgic pain of the head or stomach; piles; colds; coughs; liver complaints; weakness of the spine; predisposition to break out in hives and rashes; listlessness of the frame; and for general debility. Agents for the sale of the above medicines: Thomas M. Flint, Cambridge. Mr. Higgins, New Market. Mr. Hubbard, Upper Hunting Creek. Dawson & Brother, Boston. Parnell Townin, Salisbury. January 14th, 1843—ly

TO MY FRIENDS GENERALLY. TAILORING

WILLIAM C. LITTLETON. I have taken the Shop on Rice street, next door to the office of John F. Henry Esq., and directly opposite the store of James Staughton & Co, where I would be glad to receive the patronage of my friends and the public generally. From my experience in the business and the satisfaction I have heretofore given, I think I can safely promise that all work entrusted to me will be done as neatly and expeditiously as any establishment on the Eastern Shore. All garments made by me warranted to fit, or like materials returned. My charges shall be moderate. The public's obedient servant. W. C. L. Cambridge, October 22, 1842.

A CARD.

THE subscriber respectfully informs his friends and the public generally that he has removed to the house known as the MASONIC HOTEL—for many years occupied by the late Wm. Font—and is now prepared to entertain travellers and others who may feel disposed to patronize him. His house is large and commodious and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the real comfort of his patrons, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles; it being his object to combine the quiet of a private Boarding House with the more extensive accommodations of a Hotel, and by the most unwearied assiduity to procure the comfort of his visitors, and establish a House of fare and attention of servants, shall not be excelled by any other establishment on the Shore. The Mail-stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wednesday and Saturday in each week. WILLIAM H. YATES. Jan. 21st 1843. if

PETERS' WORM LOZENGES.

Are acknowledged by the Faculty to be the most scientific and successful preparation for the destruction of worms ever offered to the public. There are several medicines advertised as specific in such cases, but they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them are so violent in their operation, as to frequently lead to fatal results; the public therefore, is cautioned against them. These lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them. These lozenges are entirely pleasant to the taste, and children will eat them as readily as a common Peppermint Lozenge. To parents we say, do not be without these lozenges. Attend to these suggestions as you value the lives of your children. Wm. Kenshaw, merchant, of Hudson street, had a little girl eight years old who was given up by two physicians as incurable. They did not know what ailment her. One box of Peters' Worm Lozenges restored the child to perfect health. Mrs. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been on the decline for several years. At times she would eat voraciously, and sometimes eat nothing at all, and was fast wasting away. Her symptoms were so unusual and contradictory, that the doctors knew not what to do but do what they would, she constantly grew worse and reluctantly they declared she must die. At the request of a friend, the mother, at this stage, procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms were the cause of all the child's sufferings, and two boxes effected a complete cure. Mr. James Carpenter, merchant, Roswell's street, New York, says Dr. Peters' Worm Lozenges possess more merit than the Doctor claims for them—He has used them in his family with success when every other medicine failed. Jan 14, 1843—ly

J. PEASE & SON'S CELEBRATED REMEDY FOR CONSUMPTION, COUGHS AND COLDS, KNOWN AS CLARIFIED ESSENCE OF HOARHOUD CANDY.

This pleasant medicine is formed by a combination of twenty-five different ingredients, all celebrated for the cure of Colds, Coughs, and Pulmonary Complaints; and by its combination, if one of these ailments should be used separately & afforded no relief, in the EXTRACT OF HOARHOUD CANDY, the benefit of the whole is experienced in one compound. About three years ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value, but it was introduced by the proprietors to the community, to stand by their decision as regarded its beneficial influence. That decision has been attained in a manner almost unexampled. The unsought acknowledgment of its worth has proceeded spontaneously from thousands who have practically experienced its benefits throughout the country. And why is it so? Because the trial of its qualities in COUGHS, COLDS, HOARSENESS, IRRITATION OF THE THROAT, CROUP, WHOOPING COUGH, ASTHMA, CATARRHS, PALPITATION OF THE HEART, LIVER COMPLAINT, NIGHT SWEATS, Difficult or Profuse Expectoration, and all diseases leading to CONSUMPTION, has given it a value that no other similar medicine ever reached. Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—it changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise. When the blood is in an unhealthy state, and the constitution naturally delicate, if a cold sets in, and no immediate relief takes place, the chances are altogether against the patient attacked,—it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go on a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life is, to be prepared in time. At the first symptom of a Cold, Cough, or Chillsiness, the CLARIFIED ESSENCE OF HOARHOUD CANDY should be freely used according to the directions, and in every case where it is so taken in proper time, the cold or cough will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time. The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that negligence—we repeat, negligence is the sole cause of death by CONSUMPTION. In the first place the LUNGS must become affected before the disease sets in—there can be no affection of the lungs without a Cough—there can be no Cough without a Cold. This is indisputable; no medical man will deny it. Now what is the course to be pursued in such a case? Seek the most appropriate remedy, and use it in season. This remedy is the Compound Extract of Hoarhound, at the first symptom of a Cold or Chillsiness, a few sticks will entirely remove the primary and incipient causes of Consumption. If neglected, the lungs finally become ulcerated and decayed, when no medicine beneath the sun will save the life of the sufferer. This medicine is not only a curative of Cold, but it combines in its ingredients a most efficacious cathartic. A roll and a half taken daily of Hoarhound Candy, pleases and sweet to the taste, performs an operation throughout the system as effective as the most laxative medicine, without giving pain or suffering. This, of itself, should be regarded, as to most people any medicine which purges of manure is dreaded and neglected when it should be taken. Another thing should be regarded—that most loathsome of all diseases, the SMALL POX, never comes without the preliminary symptoms of Cold,—stain in the face, and a fullness of the head, springing from a chilled system, denotes its presence. All this can be guarded against in time. Nature has so organized the human frame, that it gives regular notice of all attacks of disease, if we be prepared to meet them. Why should we not be? Our own negligence and remissness when too late as the only answer, and DEATH the final result. We say unhesitatingly to the public, that for the complaints here enumerated, viz: Coughs, Colds, Complaints of the Lungs, and all Preliminary Stages of Consumption, Pease's Compound Extract of Hoarhound remains without a rival. MEDICAL MEN, THE CLERGY, and professional speakers, have given their approbation and certificates in regard to their opinion of its merits. Wherever the voice is used professionally its value of extraordinary benefit, softens the tones and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given this acknowledgment. The PUBLIC PRESS throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community. The undersigned clergymen, have used the Compound EXTRACT OF HOARHOUD, made by J. Pease & Son, and truly recommend it to their brethren throughout the Union. Signed, Pastor of the M. E. Church, 2nd st. REV. MR. KELLOGG, Rector Pastor of Wileet st. Church. ELDER KNAPP, REV. MR. CRAWFORD, Pastor of M. E. church, E-styith st. REV. MR. LUCKEY, Recent P. E. New York Conference. REV. MR. DRUG STORE.

THE subscriber of Somerset County, Maryland, informs his Eastern Shore friends and the public generally, that he has just opened a Medicine, Drug & Paint store, in Pratt Street, Baltimore, where he intends keeping a general assortment of Medicines, Drugs, Dyestuffs, Paints, Oils, Glass, Varnishes, &c. &c., all of which he will sell below market prices and warrant equal to any in the city. This store is in Pratt street, few doors West of Light street, Baltimore; opposite the Baltimore & Ohio Railroad Depot; one door from Whitman's or the Eagle Hotel, & two doors from Mrs. Bradshaw's or the United States Hotel. Goods delivered in any part of the city free of charge. JAS. W. W. GORDON. June 17, 1843.—19m N. B.—Physicians anxious to obtain pure Medicines will do well to give him a call.

COME ONE, COME ALL.

THE subscriber has removed to the "DORCHESTER HOUSE," formerly occupied by Wm. H. Yates Esq.—where he intends keeping a HOTEL. The house is in good order and the most pleasantly situated of any like establishment in the town. He proposes to devote the most strict attention to the comfort and convenience of his patrons, and hopes to find them both numerous and agreeable. His table shall not be surpassed on this shore, and his liquors all shall acknowledge to be the plus de cieux. His waiters shall be careful and attentive—his servants polite and obedient. Boarders can be accommodated at all times on fair terms. Come and see him. The public's ob't servant, JOHN PARVIN Cambridge Md. Jan 14th 1843.

NEGROES WANTED.

THE subscriber wishes to purchase expressly for his own use 2 or 3 viz, a man not less than 18 years of age and a girl not less than 14 years of age, slaves for life, persons having such will please stating lowest cash price, character &c., address W. M. WICKERSHAM, Baltimore.

WE are authorized to announce JOHN RICH ARDSON as a candidate for the next Sherflity of Dorchester County

DWELLING & STORE HOUSE.

THE subscriber will lease for the ensuing year, or more, the eligible & central establishment, in Cambridge, at present occupied by Mr. Austin, as a dwelling and store, its position at the corner of High & Poplar sts. is the most public in the town, and well adapted to any kind of public business. JOSEPH E. MUSE. Aug. 17th 1843.

SHINN AND SELLERS' LIVER PILLS.

A remedy for the Diseases of the Season. It is admitted by pathologists of the highest authority, that no organ of the human body is so readily diseased in its functions as the Liver. The heavy accumulation of mucus in diet, and the never ceasing indiscretions which expose our race to disease, will always on the approach of winter give more or less evidence to hundreds of persons in every vicinity of hepatic disturbance. Restless nights, dry tongue, loss of appetite, head ache, pains in the sides, slight cough, confined or irregular bowels, with or without fever, are some few of the many symptoms which indicate that mischief is at work in the system, and that it should be corrected. Persons who seek relief from these symptoms by continued purging, often resort to some of the ephemeral products of the day, with the effect only of postponing a cure, which better remedies most finally accomplish. Not only do persons residing in districts of country always subject to agues and bilious fevers, suffer from super or other derangement of the Liver, but also in the highest and healthiest regions. In our own sections we are not free from agues. Individuals who rest so peacefully in the notion of extreme health and who attach no importance to the system above mentioned, may eventually be laboring under the very causes of disease to which their attention is now invited. In malarial districts, known to every eye on such a glance in the use of means is compelled by urgent necessity, whilst in healthier regions persons really in danger are lulled into a false security. It is such persons that Liver Pills are most needed. Having well established claims to their confidence, of a mild and safe aperient, not only opening the bowels as comfortably as other pills, but at the same time acting on the functions of the liver and restoring them to health. They do not relieve the symptoms by mere purging, and thus invite to an incessant resumption of pills, but by box for the benefit of a tender but by a mild and restorative process they enable the patient finally to dispense with their further employment. WHITE & ANDERSON, Agents. April 1st 1843—6m

FOR ANNAPOLIS, CAMBRIDGE, ETON AND DENTON, (via Dover Bridge to Eton.)

The Steamer OSIRIS, Capt. John D. Turner, will resume her regular trips to the above places on MONDAY morning, March 23th, leaving Light Street wharf at 7 o'clock, rounding the following day, Tuesday, leaving Denton at 6 o'clock, A. M. for Cambridge, Annapolis and Baltimore, and continue until further notice. A Steamer will be ready on the arrival of the Boat at Dover Bridge, to convey passengers to Eton, at 26 cents each. N. B. The Boat always goes to the wharf at Cambridge. Passengers from Baltimore to Oxford, or from Oxford to Baltimore, will be landed or taken off at Oxford. JOHN D. TURNER, Office No. 5, Light street wharf. March 11, 1843. if

CHAS. L. CRUZZPLAIN, Attorney at Law, Baltimore, Md.

Offers his professional services to the citizens of Dorchester county. Office, No. 29, Law Buildings St. Paul Street, Baltimore, Md. JAMES WALLACE, Attorney at Law, Cambridge, Md. He can be seen at all times in his office, adjacent to Henry & Hick's store, where he will be ready to receive, and punctually to attend to all professional business that may be placed in his hands.
