

NEGROES WANTED.
THE highest cash prices will be given for NEGROES of both sexes, that are white, and good titles. My office is in PRATT STREET, between Stone and Howard sts., No. 59, where agents for my agency, Messrs. W. H. Slatter, will be seen at all times. All persons having any slaves, or all would do well to send them to my office, as I will send them to the largest market in the world, the New Orleans market. I will also receive and keep Negroes at twenty-five cents each per day, and forward them to any Southern port at the request of the owner. My establishment is in large, comfortable, airy and all above ground, and kept in complete order, with a large yard for exercise, and is the strongest and most solid building of the kind in the United States.

WOOL! WOOL! WOOL!
THE subscriber respectfully informs the public that the business of Dorchester Woolen Factory last year was conducted entirely under his management, and that he has all the general workmen employed there, also part of the machinery, and is prepared to take orders in his line of business, at CALVERT STREET, on the Franklin side, 2 miles from Baltimore. Customers will send wool to the care of some one in Baltimore and send to us respecting it.
Prices same as last year. Address James Mitchell & Co., care of Wells Chase, No. 5 South Enoch Street, Baltimore.
CARPETING.
A new and beautiful style of Carpeting made from the best 62 1/2 cent per yard, when the yarn is finished 44 cents per yard. No commission will be charged.

LAST NOTICE.
WITH due deference to the feelings of every individual, I would once more remind the public of the necessity of closing all arrears due me as late Sheriff and Collector forthwith. I have no time left for indulgence—it is not a mere matter of will with me to compel payments in oppressive times like these, but it is a matter of sheer necessity and compulsion, over which I have no control; I do therefore hope and trust, that every one in arrears for officers fees, county charges, direct or income taxes for 1840, 41 or 1842, will save me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is daily accruing. The investments made a few weeks ago, State Certificates for 1842 could have been bought for 63 cents in the dollar, but they are now up to 85 cents, and will soon be no higher as certificates for 1841, which is 95 cent in the dollar.

TO THE PUBLIC.
THE LAWS OF NATURE.
It is an undoubted fact that nature has provided specific remedy (in the Vegetable Kingdom) for every disease that "flesh is heir to"—and it is also a fact that these same remedies, if taken at a proper time and season, will eradicate disease and restore health and vigor. It is a fact also that when the various roots and plants which constitute these remedies have been for a long time gathered from their native soil, transported across the sea, dried in the suns of many summers, and withered by the frosts of many winters, their curative properties are much diminished, and in order to produce the desired effect upon the human system, it becomes necessary to administer them in large doses—hence arises the nausea, griping, and miserable sensations after taking badly prepared and rugging medicine.
But Science, whose noblest work is to alleviate the sufferings of human nature, has cancelled the propriety of

STANBURN'S
—VEGETABLE EXTRACT PILLS—
To extract, by means of new scientific machinery, all the medicinal virtues, in their purest and original form, from the remedies nature has given for the use of man without any of those hurtful poisons which irritate and annoy the system. This forming Nature's true remedy, pure, perfect, and original.
Stanburn's Vegetable Extract Pills are made of *truly seen pure vegetable extracts*, and those extracts are obtained by new scientific machinery, with out boiling. The extractive matter is obtained in its pure state, just as it is in the LIVING VEGETABLE. If it were obtained otherwise, it would not be safe, because experience has shown that pills which are generally made after the old process, (from more or less of their nature, always unpleasant to their action on the system, and in many cases leaving the various organs of the body in a worse state than before their use.)
These Pills, from their purity of composition, being MADE ENTIRELY OF EXTRACTS,
care taken, by purging from the system all acrimonious humors, thereby purifying the blood and fluids; and by regulating and strengthening the digestive organs give tone to the nervous system, and energy to the mind.
They do not have those who take them, constive, as is too often the case with *excessive* and *expensive* remedies. The Vegetable Extract Pills may be used for any length of time, and when discontinued they will leave the system healthy and free from that dreadful malady, constipation of the bowels, as the testimony of hundreds prove.
THE CASES OF CURE
performed by the Stanburn Vegetable Extract Pills, have now become so numerous that the proprietors are obliged, instead of publishing at length the particulars, only to give an abstract of several testimonials.
CURES—READ AND JUDGE.
Mrs. Murris, of No. 475 Greenwich St., N. Y., cured of the liver complaint and violent pains throughout her body, of 4 years standing.
Mrs. Watebury, of No. 88 Varick St., N. Y., cured of the salt rheum, attended with frequent pains in her head, of over 6 years' standing.
Mrs. Van Nest, of No. 14 Dominick St., N. Y., cured 1 violent pain throughout her body, of 6 years' standing.
Mrs. Rachel Tribbick, of Wallabout, Long Island, cured of habitual constiveness, of 15 years' standing.
Mrs. Meloy, of No. 76 Sheriff St., N. Y., cured of the dysentery.
Mrs. Frisby and two children, of Brooklyn, N. Y., cured of violent coughs and colds.

PETERS' COUGH LOZENGES.
Are now rapidly supplanting all other preparations for the relief of Coughs, Colds, Whooping Coughs, Asthma, Catarrh, Tightness of the Chest, Bronchitis, and other pulmonary affections. It is now well established that a large proportion of cases of Consumption, and other pulmonary affections, are annually sacrificed to the want of a timely recourse to the use of Peters' Cough Lozenges, which, when used early, have been removed at an early period. No medicine will be found so efficacious in curing such cases as these lozenges. They infallibly allay the cough, by removing the irritation which keeps it up; while at the same time they promote expectoration, and reduce congestion.
Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more satisfactory than a column of testimonials.
The Rev. George Parker has used Peters' Cough Lozenges with decided benefit. He speaks of them in the highest terms, and recommends them to all his friends.
Dr. Henry C. Brown says Peters' Cough Lozenges are the best cough medicine extant. He has cured great benefit from them himself, and recommends them to a severe cough of four months standing by one single box of Peters' Cough Lozenges.
Mr. L. E. Jones, of Maryland, had a violent and protracted cough, attended with asthma, and all the pulmonary symptoms of Consumption. He had scarcely slept an hour for weeks. Learning his alarming situation, the agent gave him a few of Peters' Cough Lozenges, which enabled him to sleep quiet, and two boxes cured him. He says they saved his life.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.
This is not only the cheapest, but the most, nearest, and most reliable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public.
Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness of pain in the chest, joints, or back; stiffness of the neck; affections of the lungs or joints, whether produced by rheumatism or other causes; swollen pain of the head or stomach; piles; colic; cough; liver complaint; weakness of the spine; prostration to break out in holes and ulcers; hardness of the frame; and for general debility.

DORCHESTER COUNTY.
Cambridge, Hills Point Neck, Halesboro, Halesboro, Big Mills, Neck District, Vienna, New Market, Cedar Creek, Lower H. Creek, Upper do do, Tobacco Creek, Golden Hill, Slaughter Hill, Draw Bridge, Croachers Ferry, Poplar Grove, May 29 1843.—ly
WILLIAM H. YATES, JOHN H. HODSON, SAMUEL GRIFIN, WM. J. VAINE, THOMAS J. SAXTON, SAMUEL CORNER, VICKERS & HANDLEY, Thomas & Smith, John L. Willis, Chas. Connelly, Jesse Hubbard, Luba F. Stewart, R. H. Graham, Moses L. Keene, Wm. Means, Brabant & Maria, J. R. Noble.

THE COMPLAINTS IN WHICH DR. PETERS' VEGETABLE PILLS ARE MOST EFFECTIVE, AND WHICH, WHEN ADMINISTERED ACCORDING TO DIRECTION, THEY CAN SCARCELY FAIL TO CURE, ARE AS FOLLOWS:—Yellow and bilious fevers, liver and spleen dyspepsia, eruct, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, tarted tongue, nausea, distensions of the stomach and bowels, ineffectual diarrhoea, flatulence, habitual constiveness, loss of appetite, bloated or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.
Be careful to observe, that on the cover of each box (in the tin) is stamped "PETERS' VEGETABLE PILLS," and also, that two small lines or bands, raised in the tin, encircle each box, one immediately below the other, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any boxes but those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.
Extract of a letter from T. C. Curran, of New Orleans, La., Oct. 9, 1842.
"I have received much assistance in my practice especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, prescribe a hundred boxes a month."
Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use.
The Agent at Stanton, Va., says he supplies families for thirty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.
Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for fifteen years. By using these Pills a short time she was completely cured.
Mrs. Clark was afflicted with irregularities and obstruction, attended with most distressing symptoms. She was cured by using Dr. Peters' Pills.
Hon. E. D. Davis was afflicted with rheumatism, so as to be unable to dress himself. Three boxes of Peters' Pills entirely cured him. We say to all, try Dr. Peters' Vegetable Pills, and we will guarantee that afterwards you will use them in preference to all others.

PETERS' WORM LOZENGES.
Are acknowledged by the faculty to be the most scientific and successful preparation for the destruction of worms ever offered to the public. There are several medicines advertised as specifics in such cases, but they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them are so violent in their operation, as to frequently lead to fatal results; the public therefore, is cautioned against them. These lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them.
These lozenges are entirely pleasant to the taste, and children will eat them as readily as a common Peppermint Lozenge. To parents we say, do not be without these lozenges. Attend to these suggestions as you value the lives of your children.
Wm. Renshaw, merchant, of Hudson street, had a little girl eight years old who was given up by two physicians as incurable. They did not know what ailed her. One box of Peters' Worm Lozenges rescued the child to perfect health.
Mrs. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been on the decline for several years. At times she would eat voraciously, and sometimes eat nothing at all, and was fast wasting away. Her symptoms were so unusual and contradictory, that the doctors knew not what to do but what they would, she constantly grew worse, and reluctantly they declared she must die. At the request of a friend, the mother, at this stage, procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms were the cause of all the child's sufferings, and two boxes effected a complete cure.
Mr. James Carpenter, merchant, Roosevelt street, New York, says Dr. Peters' Worm Lozenges possess more merit than the Doctor claims for them. He has used them in his family with success when every other medicine failed.

J. PEASE & SON'S
CELEBRATED REMEDY FOR CONSUMPTION, COUGHS AND COLDS, KNOWN AS **CLARIFIED ESSENCE OF HOARHOOND CANDY.**
SOLD AT 41 DIVISION ST.
This pleasant medicine is formed by a combination of twenty-five different ingredients, all celebrated for the cure of Colds, Coughs, and Pulmonary Complaints; and by its combination, if used in the manner directed, it should be used as a specific, & afforded no relief, in the EXTRACT OF HOARHOOND, they are so-magnified, that the benefit of the whole is experienced in one compound.
About three years and a half ago, this article was first brought before the public. It was heralded with no previous announcement of its merit or value, but it was introduced by the proprietors to the community, and by its decision as regarded its beneficial influence. That decision has been attained in a manner almost unexampled. The unexampled acknowledgment of its worth has proceeded spontaneously from those who have practically experienced its benefits throughout the country. And why is it so? Because the truth of its qualities is

COUGHS, COLDS, HOARSENESS, IRRITATION OF THE THROAT, CROUP, WHOOPING COUGH, ASTHMA, CATARRHS, PALPITATION OF THE HEART, LIVER COMPLAINT, NIGHT SWEATS, Difficult or Profuse Expectoration, and all diseases leading to CONSUMPTION.
has given it a value that no other similar medicine ever reached.
Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—at changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise.
When the blood is in an unhealthy state, and the constitution naturally debilitated, if a cold set in, and no immediate relief takes place, the chances are also given against the patient attacked, it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to reach such a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life, is to be prepared in time. At the first symptom of a Cold, Cough, or Chills, the CLARIFIED ESSENCE OF HOARHOOND CANDY should be freely used according to the directions, and in every case where it is so taken in proper time, the cold or cough will be broken up, and the patient restored to his usual state of health. The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that negligence, or want of attention, is the sole cause of death by Consumption. If the first place the lungs must become affected before the disease sets in—there can be no affection of the lungs without a COUGH—there can be no COUGH without a COLD. This is indisputable; no medical man will deny it. Now what is the course to be pursued at the commencement? Seek the most appropriate remedy, and use it at once. This remedy is the Compound Extract of Hoarhound Candy, at the first symptom of a Cold or Chills, a few sticks will entirely remove the primary and incipient causes of Consumption. If neglected, the lungs finally become diseased and decayed, when no medicine beneath the sun will save the life of the sufferer.
This medicine is not only a curative of Cold, but it combines in its ingredients a most effective cathartic. A roll and a half taken daily of Hoarhound Candy, (pleasant and sweet to the taste, performs an operation throughout the system as effective as the most laxative medicine, without giving pain or suffering. This, of itself, should be regarded, as to most people any medicine which purges of nauousness is dreaded and neglected when it should be taken.
Another thing should be regarded—that most loathsome of all diseases, the SMALL POX, never comes without the precursive symptoms of Cold, pain in the back, and a fullness of the head, springing from a chilled system, denotes its presence. All this can be guarded against in time. Nature has so organized the human frame, that it gives regular notice of all attacks of disease, if we will be prepared to meet them with the medicine, without giving pain or suffering. **WOMEN, MEN, THE CLERGY,** and professional speakers have given their approbation and certificates in regard to their opinion of its merits. Wherever the voice is used professionally its value is of extraordinary benefit, it softens the tones and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given their acknowledgments. The PEACOCK PATENT, throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community.
The undersigned clergymen, have used the Compound EXTRACT OF HOARHOOND, made by J. Pease & Son, and freely recommend it to their brethren throughout the Union.

SHERIFF & COLLECTOR'S NOTICE.

THE undersigned respectfully informs the public that his books are posted and he is ready and anxious to receive officers fees, county charges and direct taxes, which are now due for the present year 1843. The whole of the officers fees and county levy, amounting to about \$20,000 will be denominated of me in a short time, and without prompt payment are made to me, (which I am determined to enforce) I shall not be able to meet the demands on me with punctuality, I wish it distinctly understood that the Direct or State and tax officers generally are interested in making the County charges due me thereon, and while as by an Act of the last Legislature of Maryland Chapter 123, the laws in regard to the sales of such lands by Collectors have been materially altered & amended, and whereas many of those lands have changed owners since those changes have become due, in consequence of which it is desirable that land holders generally should examine carefully the advertisement, as some of their lands may be exposed to sale for charges due under former owners, and tax officers generally are interested in making the lands sell, as all deficiencies will have to come against the County assessor and will if large swell the county levy beyond the usual amount. The public's debt, send JAMES A. WATKINS, September 2, 1843. Collector.

Notice.
THE public are notified that the undersigned hath presented to the Board of Commissioners for Dorchester County a list of lands, whereon no personal property can be found liable for the payment of the County charges due me thereon, and while as by an Act of the last Legislature of Maryland Chapter 123, the laws in regard to the sales of such lands by Collectors have been materially altered & amended, and whereas many of those lands have changed owners since those changes have become due, in consequence of which it is desirable that land holders generally should examine carefully the advertisement, as some of their lands may be exposed to sale for charges due under former owners, and tax officers generally are interested in making the lands sell, as all deficiencies will have to come against the County assessor and will if large swell the county levy beyond the usual amount. The public's debt, send JAMES A. WATKINS, September 2, 1843. Collector.
