

NEGROES WANTED.

HIGHEST cash prices will at all times be given for NEGROES of both sexes, that are slaves for life, and good titles. My office is in PRATT STREET, between Sharp and Howard sts., No. 86, where myself or my agent, Jonathan M. Wilson, can be seen at all times. All persons having Negroes to sell, as I am now the largest dealer who is engaged in the trade, and always buying and shipping to the New Orleans market. I will also receive and keep Negroes at twenty-five cents each per day, and forward them to any Southern port at the request of the owner. My establishment is large, comfortable, airy and all above ground, and kept in complete order, with a large yard for exercise, and is the most neat and splendid building of the kind in the United States. July 13, 1843.—J. HOPE H. SLATTER, N. B. All communications are promptly attended to.

WOOL! WOOL!! WOOL!!!

THE subscriber respectfully informs the public that the business of Dairymore Woolen Factory last year was conducted entirely under his management, and that he has all the principal workmen employed there, also part of the machinery, and is prepared to attend to all orders in his line of trade, at CALVERT'S MILLS, on the Franklin right bank of the Chesapeake. Customers will send their wool to the care of some one in Baltimore and need not respect it. Prices same as last year. Address James M. Slatter & Co., care of Wells Chase, No. 6 South Enoch street, Baltimore.

CARPETTING.

A new and beautiful style of Carpeting made from the wool 32 1/2 cts. per yard, when the yarn is washed 44 cents per yard. No commission will be charged. JAMES MITCHELL & CO. July 1, 1843. N. B. Mr. H. C. Hicks is no longer my agent.

LAST NOTICE.

WITH deference to the feelings of every individual, I would once more remind the public of the necessity of closing all arrears due me as late Sheriff and Collector forthwith. I have no time left for indulgence—it is not a mere matter of will with me to compel payments in oppressive times like these, but it is a matter of need necessity and compulsion, over which I have no control. I do therefore hope and trust, that every one in arrears for officers fees, county charges, direct or income taxes, for 1840, 41, or 1842, will give me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is daily accruing. State Certificates, a few weeks ago, State Certificates for 1842 could have been bought for 65 cents in the dollar, but they are now up to 85 cents, and will soon be up as high as certificates for 1841, which is 95 cents in the dollar. JOHN H. HODSON, late Sheriff & Col. July 29th 1843.

TO THE PUBLIC.

THE LAWS OF NATURE. It is an undoubted fact that nature has provided a specific remedy (in the Vegetable Kingdom) for every disease that "flesh is heir to"—and it is also a fact that these same remedies, if taken at a proper time and season, will eradicate disease and restore health. Experience has taught us that when the various parts and plants which constitute those remedies have been for a long time gathered from their native soil, transported across the seas, dried in the suns of many summers, and withered by the frosts of many winters, their curative properties are much diminished, and in order to produce the desired effect upon the human system, it becomes necessary to administer them in large doses—hence arises the nausea, griping, and disagreeable sensations after taking badly prepared and impure medicine. But Science, whose noblest work is to alleviate the sufferings of human nature, has enabled the proprietor of

STAINBURN'S

VEGETABLE EXTRACT PILLS.—To extract, by means of new scientific machinery, all the medicinal virtues, in their purest and original form from the remedies nature has given for the use of man without any of those impurities which irritate and annoy the system. Thus forming Nature's true remedy, pure, perfect, and original. Stainburn's Vegetable Extract Pills are made of the purest vegetable extracts, and those extracts are obtained by new scientific machinery, with out boiling. The extractive matter is obtained in its pure state, just as it is in the LIVING VEGETABLE. If it were obtained otherwise, it would not be safe, because experience has shown that pills which are generally made after the old process, (from now on) whether vegetable or mineral, have after effects often dangerous to the system, and in many cases leaving the various organs in the body in a worse state than before their use. These Pills, from their purity of composition, being MADE ENTIRELY OF EXTRACTS,

MEMBERS' TESTS.

The complaints in which Dr. Peters' Vegetable Pills are most effective, and which, when administered according to direction, they can scarcely fail to cure, are as follows:—Yellow and bilious fevers, fever and ague, dyspepsia, dropsy, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, furred tongue, nausea, distensions of the stomach and bowels, incipient diarrhoea, flatulency, habitual constiveness, loss of appetite, bloated or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Extract of a letter from Dr. Curvey, of New Orleans

La., Oct. 9, 1843. "I have received much assistance in my practice especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, describe a hundred boxes a month."

Dr. J. G. Smith, of Woodstock, Va., says—

"They are a better Pill than I can make." He recommends their use.

The Agent at Stanton, Va., says he supplies families

for thirty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with

typhoid fever and liver complaint for fifteen years. By using these Pills a short time she was completely cured.

Mrs. Clark was afflicted with irregularities and

obstruction, attended with most distressing symptoms. She was cured by using Dr. Peters' Pills.

Hon. E. D. Davis was afflicted with rheumatism,

so as to be unable to dress himself. Three boxes of Peters' Pills entirely cured him.

But why multiply testimonials? We say to all, try

Dr. Peters' Vegetable Pills, and we will guarantee that afterwards you will use them in preference to all others. Jan. 14, 1843.—ly.

PETERS' WORM LOZENGES.

Recommended by the faculty to be the most successful preparation for the destruction of worms. There are several kinds in such cases, but these are the most efficacious, and worth the trouble of their use.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, neatest, and most comfortable plaster in existence, and is prepared on a plan different altogether from any plaster now before the public. Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach; weakness or pain in the chest, loins, or back; stiffness of the neck; affections of the limbs or joints, whether produced by rheumatism or other cause; habitual pain of the head or stomach; piles; colds; coughs; liver complaint; weakness of the spine; predisposition to break out in boils and pimples, liaseness of the frame; and for general debilitation. Agents for the sale of the above medicines: Thomas M. Flint, Cambridge. Mr. Higgins, New Market. Mr. Hubbard, Upper Hunting-Creek. Dawson & Brother, Easton. Purcell Treadwin, Salisbury. A CARD.

THE subscriber respectfully informs his friends and the public generally that he has removed to the House known as the MASONIC HOTEL—for many years occupied by the late Wm. Flint—and is now prepared to entertain travellers and others who may feel disposed to patronize him. His house is large and commodious and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the real comfort of his patrons, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles; it being his object to combine the quiet of a private Boarding House with the more cheerful and sociable character of a Hotel. By the most unwearied assiduity to promote the comfort of his visitors, and establish a House which for its means of comfort and excellence of fare and attention of servants, shall not be excelled by any other establishment on the Shore. The Mail-stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wednesday and Saturday in each week. WILLIAM H. YATES. Jan. 21st 1843.—ly.

CHICKERING'S PATENT ACTION PIANO FORTES.

THE subscriber is constantly receiving super Rosewood and Malogany 6 and 7 octave PIANO FORTES from the celebrated factory of Chickering, Boston, with metallic plates and metal frames. These Pianos have Chickering's late patent action, which is admitted by Piano Forte players to possess qualities long sought for by the best makers. A damper pedal has also been added, which has the effect of placing the keys upon one string without moving the key-board, which produces a soft and delightful quality of tone. Having sold a great number of these Instruments and never having received any complaint, the subscriber can confidently recommend them to purchasers. They stand remarkably well in tune, a desirable quality, especially where tuners are seldom to be had. Also, German PIANO FORTES of superior quality and finish, made by Rosentanz expressly for this market, constantly for sale at the lowest prices. A handsome assortment of MUSIC, double action HARPS, GUITARS, &c. F. D. BENTEN. 157 Baltimore street Balt. City, July 22, 1843.—ly.

DR. JNO. W. DASHIELE, having recently located himself at Vienna, respectfully offers to the citizens of that place and the adjacent country his professional services. Aug. 19, 1843.2m.

CITIZEN'S

LEVER COMPLAINT, Nott's Remedy. Difficult or Profuse Expectoration, and all diseases leading to CONSUMPTION. This has given it a value that no other similar medicine ever reached. Complaints of the Lungs are the most dangerous, and at the same time most prevalent of all diseases. Our climate is most peculiar—it changes suddenly from extreme warmth to extreme coldness, from wet to dry, and it is from this change in the climate that diseases are apt to arise. When the blood is in an unhealthy state, and the constitution naturally delicate, if a cold sets in, and no immediate relief takes place, the chances are altogether against the patient attacked,—it is when remedies are taken in time, that disease is checked and life saved. There is no disease but may not be suffered to go such a length, that no medicine or physician in the world can save the person attacked, but it should be remembered by all—the safety of life is, to be prepared in time. At the first symptom of a Cold, Cough, or Chillsiness, the CLARIFIED ESSENCE OF HOARHOUND CASKY should be freely used according to the directions, and in every case where it is so taken in proper time, the cold or cough will be broken up or eradicated. We feel it our duty to impress this upon every one—all remedies must be taken in time. The most fatal disease experienced in the United States is CONSUMPTION. The annual number of deaths is alarming—and yet a moment's reflection will convince any one that negligence—we repeat it, negligence is the sole cause of death by CONSUMPTION. In the first place the LUNGS must become affected before the disease sets in—there can be no affection of the lungs without a COUGH—there can be no COUGH without a COLD. This is indisputable; no medical man will deny it. Now what is the course to be pursued at the commencement? Seek the most appropriate remedy, and use it at once. This remedy is the Compound Extract of Hoarhound, at the first symptom of a Cold or Chillsiness, a few steaks will prevent the disease from becoming a dangerous Consumption. If neglected, the lungs finally become ulcerated and decayed, when no medicine beneath the sun will save the life of the sufferer. This medicine is not only a curative of Cold, but it combines in its ingredients a most effusive cathartic. A roll and a half taken daily of Hoarhound Candy, pleasant and sweet to the taste, performs an operation throughout the system as effective as the most laxative medicine, without giving pain or suffering.—This, of itself, should be regarded, as to most people any medicine which purges of massiveness is dreaded and neglected when it should be taken. Another thing should be regarded—the most loathsome of all diseases, the SMALL POX, never comes without the preliminary symptoms of Cold,—pain in the back, and a fullness of the head, springing from a chilled system, denotes its presence. All this can be guarded against in time. Nature has so organized the human frame, that it gives regular notice of all attacks of disease, if we will be prepared to meet them. Why should we not be? Our own negligence and repentance when too late is the only answer, and DEATH the final result. We say unhesitatingly to the public, that for the complaints before enumerated, viz: Coughs, Colds, Complaints of the Lungs, and all Preliminary Stages of Consumption, Pease's Compound Extract of Hoarhound cures without a rival. MEDICAL MEN, THE CLERGY, and professional speakers have given their approbation and certificates in regard to their opinion of its merits.—Wherever the voice is used professionally its value is of extraordinary benefit; it softens the tongue and keeps them stronger and sweeter. The PULPIT and the BAR have repeatedly given this acknowledgement. The PUBLIC PRESS throughout the United States and Europe, have spoken of it in the highest terms, and its worth has been fully tested by all classes of the community. Notice.

THE public are notified that the undersigned hath presented to the Board of Commissioners for Dorchester County a list of lands, whereon no personal property can be found liable for the payment of the County charges due me thereon, and where as by an Act of the last Legislature of Maryland Chapter 133, the laws in regard to the sales of such lands by Collectors have been materially altered & amended, and whereas many of those lands have changed owners since those changes have become due. In consequence of which it is desirable that land holders generally would examine carefully the advertisement as some of their lands may be exposed to sale for charges due under former owners; and tax payers generally are interested in making the lands sell, as all deficiencies will have to come against the County as insolvent and will if large swell the county levy beyond the usual amount. The public's obt. servt JAMES A. WADDELL September 2, 1843. Collector.

FOR ANNAPOLIS, CAMBRIDGE, EASTON and DENTON, (via Dover Bridge to Easton.)

The Steamer OSIRIS, Capt. John D. Turner, will resume her regular trips to the above places on MONDAY morning, March 13th, leaving Light Street wharf at 7 o'clock, returning the following day, Tuesday, leaving Denton at 6 o'clock, A. M. for Cambridge, Annapolis and Baltimore, and continue until further notice. A Stage will be in readiness on the arrival of the Boat at Dover Bridge to convey passengers to Easton, at 25 cents each. N. B. The Boat always goes to the wharf at Cambridge. Passengers from Baltimore to Oxford, or from Oxford to Baltimore, will be landed or taken off at Oxford. Office No. 5 Light street wharf. March 11, 1843.

DRUG STORE.

THE subscriber, of Somerset County, Maryland, informs his Eastern Shore friends and the public generally, that he has just opened a Medicine, Drug & Paint store, in Pratt Street, Baltimore, where he intends keeping a general assortment of MEDICINES, DRUGS, DYE STUFFS, PAINTS, OILS, GLASS, VARNISHES, &c. &c., all of which he will sell below market price and warrant equal to any in the city. His store is in Pratt street, few doors West of Light street, Baltimore; opposite the Baltimore & Ohio Rail Road Depot, one door from Whitman's at the Eagle Hotel, and two doors from Mrs. Bradshaw's at the United States Hotel. Goods delivered in any part of the city free of charge. JAS. W. W. GORDON. June 17, 1843.—19.* N. B.—Physicians anxious to obtain pure Medicines will do well to give him a call.

COME ONE, COME ALL.

THE subscriber has removed to the "DORCHESTER HOUSE,"

formerly occupied by Wm. H. Yates Esq., where he intends keeping a HOTEL. The house is in good order and the most pleasantly situated like any establishment in the town. He pro-
