TO THE PUBLIC.

THE LAWS OF NATURE.

It is an undoubted fact that natnre has provided specific remedy (in the Vegetable Kingdom) for eve ry disease that "flesh is heir to"—and it is also a fac that these same remedies, if taken at a proper time and season, will eradicate disease and restore heal but experience has taught us that when the various roots and plants which constitute those remedies have been for a long time gathered from their native soie transported across the seas, dried in the suns of many summers, and withered by the frosts of many winters their curative properties are much diminished, and in order to produce the desired effect upon the human system, it becomes necessary to administer them in large doses—hence arises the nausea, griping, and miserable sensations after taking badly prepared and impure medicine.

But Science, whose noblest work is to alleviate th sufferings of human nature, has enabled the proprietor of

STAINBURN'S

—VEGETABLE EXTRACT PILLS—

To extract, by means of new scientific machine y, all the medicinal virtues, in their purest and origina form from the remedies nature has given for the use of man without any of those inert portions which irritate and annoy the system. Thus forming Nature's true rem edy, pure, perfect, and original.

Stainburn's Vegetable Extract Pills are made of *twenty seven pure vegetable extracts*, and those ex tracts are obtained by new scientific machinery, without boiling. The extractive matter is obtained in its pure state, just as it is in the LIVING VEGETABLE. If it were obtained otherwise, it would not be safe, because experience has shown that pills which are generally made after the old process, (from powders) whether vegetable or mineral, have *after effects* often dangerous in their nature, always unpleasant lg their action on the system, and in many cases leavini, the various organs in the body in a worse state than before their use.

These Pills, from their purity of composition, being

MADE ENTIRELY OF EXTRACTS,

cure at once, by purging from the system all acrimonio us humors, thereby purifying the blood and fluids; anh by regulating and strengthening the digestive organs give tone to the nervous system, and energy to the mind.

They do not leave those who take them costive, as is too often the case with ANCIENT and IMPURE remedies. The Vegetable Extract Pills may be used for any length of time, and when discontinued they will leave the system healthy and free from that dreadful malady, constipation of the bowels, as the testimony of hundreds prove.

THE CASES OF CURE

performed by the Stainburn Vegetable Extract Pills, have now become so numerous that the proprietors are obliged, instead of publishing at length the particulars, only to give an abstract of several testimonials.

WRIGHT'S INDIAN VGETABLE PILLS

OF THE

NORTH AMERICAN COLLEGE OF HEALTH

If the channels of our mighty rivers become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be overwhelmed with the flood. In like manner with the human body —if the Skin, Kidneys and Bowels, (the natural outlets for useless and corrupt humors,) become so obstructed as to fail in affording a full discharge of those impurities, which are in all cases the cause of sickness we surely can expect no other results than that the whole frame will, sooner or later, be overwhelmed with disease. As in the first place, if we would prevent an inundation we must remove all obstructions in order that there may be no hindrance to the freet discharge of the superabundant waters. So in reet second place, if we would prevent and cure diseases we must open, and keep open, all the Natural Drains of the body.

WRIGHT'S INDIAN VEGETABLE PILLS

OF THE NORTH AMERICAN COLLEGE OF HEALTH, will be found one of the best if not the very

BEST MEDICINE IN THE WORLD

for carrying out this beautiful and simple theory; because they completely CLEANSE THE STOMACH AND BOWELS FROM ALL BILIOUS HUMORS and other impurity, and at the same time promote a healthy discharge from the Lungs, Skin, and Kidneys; consequently, as all the Natural Drains are opened, Disease of every name is literally driven from the Body.

The following letters, which have been received from gentlemen of the highest respectability, will show conclusively that Wright's Indian Vegetable Pills are a most

VALUABLE MEDICINE,

and their fame is rapidly extending to every part of the Union.

Extract of a letter from Lawrenceville, Monroe Co., Arkansas:

LAWRENCEVILLE, Monroe Co. Arkansas, Dec. 10, 1842.

DOCT. WM. WRIGHT—Dear Sir: Having become acquainted with your most excellent PILLS (viz. INDIAN VEGETABLE), by experience, I take the liberty to write you on the present occasion by way of suggesting the propriety of being constituted Agent for his State to dispose of them.

In 1841, I was prostrated with the congestive fever in East Florida, and often having been ill with the first attack and a severe relapse, I was necessitated to repair to New York for the recovery of my healths being much debilitated, I tried different Physicians and as many medicines, but all to no purpose; I found my liver much effected, and Dyspepsia setting in with its worst form. I began to think my case was hopeless I concluded to resort to travelling, accordingly I left the city of Albany, New York, for Cincinnatti, Ohio. On my way through New York State, I chanced to come across one of your Agents at Newark, on the Erie Canal; I read one of your advertisements, purchased a box of Pills, and TO MY UTTER ASTONISHMENT FOUND MYSELF partially RECOVERED; on my arrival at Buffalo, I purchased some more of your Agent there; to Cleaveland, Ohio, visited your Agent, the dry goods merchant, talked with him, and took several boxes.—*I soon found myself a well man, and concluded to return to my Profession viz: A Travelling Methodist Preacher.*

I accordingly came on to St. Louis, and from thence to Helena, Arkansas, where I joined the Arkansas, Conference, and was assigned to Lawrenceville Mission on St. Francis and White Rivers, near the mouths of the same. Very respectfully,

Your obedient servant,

W. H. HOUCK.

—

TANNER'S BROOK, N. J., Sept. 3d, 1841.

DOCT. WM. WRIGHT—Dear Sir: Your travelling Agent was here, a short time since, and left with me two dozen boxes of your INDIAN VEGETABLE PILLS, which I have already sold, although they had never been introduced in our neighborhood before. at first prevailed on a friend of mine, who had been afflicted with the Dyspepsia, and Rheumatism in the head, for the last two years, to make trial of them.—He had previously tried various medicines, but never obtained any relief until he made use of your Indian Vegetable Pills. After using one box, he said he felt like a new man, and now, having used two more boxes, he considers himself a SOUND MAN.

Yours, respectfully, &c.,

June. 3, 1843.——tf J. INGERSOLL.

—

FRANKFORT, Ross Co., Ohio, Aug. 13, 1842.

Dear Sir—The Pills, that I purchased of you last April, have sold far better than I anticipated. I think by the time I visit your city again, which will be in a few months, I will have sold out entirely. They have not only effected cures in diseases that seemed to baffle the best medical skil in the country, bet numerous individuals here bless the day that the undersigned introduced Wright's Indian Vegetable Pills into the neighborhood. I can get, if you think it necessary, several very valuable certificates of cures. One old Lady in particular, who has been afflicted several years with consumption, commenced taking the Pills a short time since, and is now nearly restored to health. Several cases of Dyspepsia have also been entirely cured by your TRULY EXCELLENT INDIAN VEGETABLE PILLS.

In order to give them a more general circulation and thereby extend their usefulness, I have made arrangements with a gentleman in a neighboring town, who has promised to use his best efforts to promote their sale. You will, therefore, please send another supply, shipped to my address, Chillicoth, care of Mr. Dixon Fullerton. Faithfully yours, W. J. F. DAILY.

W. Wright, V. P. of the N. A. Coll. of Health.

THE BRANDRETH PILLS,

As a general family medicine, especially in a country so subject to sudden changes of temperature as this, their value is incalculable. By having the Brandreth Pills always on hand, should a sudden attack of sickness take place, they can be given at once, and will often have effected a cure before the physician could have arrived.

In colic and inflamation of the bowels these Pills will at once relieve, and perseverance in their use, according to the directions, will surely do all that medicine can do, to restore the health of the patient.

In all cases of indigestion, Worms, Asthma, Disease of the Heart, and in all affections of the stomach and bowels, the Brandreth Pills will be found a never failing remedy.

To insure the full benefit of these celebrated Pills, they should be kept in the house, so that, upon the first commencement of sickness, they may be at once resorted to. One dose then is better than a dozen after disease has become established in the system.

Ladies should use Brandreth's Pills frequently. They will ensure them from severe sickness of the stomach, and generally speaking, entirely prevent it. The Brandreth Pills are harmless. They increase the powers of life—they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In costiveness, so often prevalent at an interesting period, the Brandreth Pills are a safe and effectual remedy.

There is no medicine so safe as this—it is more easy than castor oil, and is now generally used by numerous ladies through their confinement. Dr. Brandreth can refer to many of our first physicians who recommend his Pills to their patients, to the exclusion of all other purgatives, and the pills being composed entirely of herbs or vegetable matter, purify the blood and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.

Man will be born to day of bliss, compared to what has hitherto been his lot, weighed down as he has been by disease, infirmities and suffering, which no earthly power knew how to alleviate until this discovery was presented to the world.—The weak, the feeble, the infirm, the nervous, the delicate, are in a few days strengthened by their operation, and the worst complaints are removed by perseverance without the expense of a physician. Adapted to all circumstances and situations they are the best medicine ever invented for families, or to take to sea, preventing scurvy or costiveness, requiring no change of diet, particular regimen, or care against taking cold.

LETTER FROM ARNOLD BUFFUM,

THE PHILANTHROPIST.

CINCINNATI, Ohio, April 15, 1843.

DR. BRANDRETH:

In the course of my life I have suffered often and much from sickness; I think I have been under the care of twenty different physicians, for weeks at a time. But for the last five years I have employed a physician but once, and then only for a single day; not, however, because I have been exempt from frequent illness, but because I have found a more speedy and effectual remedy in thy pills, than I ever found in the medicines administered to me by my physicians. Wherever I go I constantly carry a box of them with me, or at least a few of them wrapped in a paper in my vest pocket, and whatever illness comes upon me, I invariably find relief from the use of them.

Having been much occupied in tiavelling and public speaking, I have frequently taken severe cold, which before I used these pills resulted in soreness of the throat and chest, and a severe cough; but latterly, though more exposed than ever, when I have taken a cold, by taking one or two pills at a time for two or three nights, I have invariably succeeded in removing all soreness from the throat and chest, and in effectually preventing the cold from settling on my lungs, so as to produce a cough.

Once during last winter, while travelling on horseback, and subject to much exposure, I was suddenly seized with a very soar throat, high fever, and entire prostration of strength and spirits. By the use of two dozen of the pills, and drinking freely of cold water, a copious perspiration was kept up, and in 42 hours one of the most severe attacks I ever experienced gave way, and in two days more I was able to pursue my journey. At another time, continual exposure and daily exercise in public speaking, brought on a severe lameness in the small of the back and kidneys, which became so exceeding painful, that I was obliged ot speak sitting, not being able to stand on my feet; at length the soreness extended quite through me, and the pain became so severe that I never closed my eyes during a whole night, and several times during that night I had serious doubts whether I would live till morning. I took seven pills, which went to the seat of the disease, and as by magic seemed to lay hold of it, and carried it all off, so that I attended a meeting on the same evening, and spoke without pain for more than two hours, and the pain has not returned since. I regard this as one of the most extraordinary cures I have ever known, and I can truly say that in a similar case I would not exchange Brandreth's pills for all the medicines of the drug store. I have used the pills and administered them to others on various other occasions; and as far as I knew, in no case without complete success. Especially have I found them altogether superior to any other medicine ever taken for colds, coughs, and soreness of the lungs. I consider the maker of them especially serves the great cause of humanity, and I shall recommend them wherever I go.

Thine, respectfully, A. BUFFUM.

THE GREAT PHILADELPHIA

SATURDAY COURIER,

Founded in 1830—Circulation 40,000 weekly.

The proprietors of this *universal family journal* appeal with confidence to the decision of those who are able to judge, whether the enlarged and beautiful SATURDAY COURIER is not the best, the largest and *cheapest family newspaper in the world.* A darling object with the editors of the Saturday Courier, is to make their journal an indispensable companion to the family circle. It was the first to eschew all indelicate advertisements, and avoid giving the sickening and corrupting details of crime. Its ample columns are free from sectarian influences or party bias, and all matters proper for domestic inspection or attention are discussed in a chaste, dignified and common-sense manner. Its literary department is managed with an especial view to the enlightment, improvement and amusement of its readers. The current volume presents greater claims upon the public than any which has preceded it. An extra outlay of between three and four thousand dollars has been made, in order to have it properly issued. The form is larger, the paper finer and whiter, the type new and splendid throughout, the embellishments spirited and expensive, and the list of regular and occasional contributors embraces all the popular talent of the day. Among other improvements for the future is

The National Portrait Gallery.

Under this head we are giving engravings of the distinguished Naval and Military Commanders, and other eminent individuals of our country, accompanied with interesting Biographies. In addition to those, and alternating therewith, is a GALLERY OF ART, which embraces the gems of the European and Native Painters, and presents a feature as novel as it is acceptable and interesting to all classes of society.

The Literary Department has received important additions, both in number and quality, and the proprietors have the satisfaction of one or more articles weekly, by that most popular tale writer of the day. T. S. ARTHUR, Esq. His series of inimitable Domestic Tales will be continued and alternated with a series of original American Tales by HENRY W. HERBERT, Esq. A series of original Irish Tales, by Dr. JAMES M'HENRY, and Tales, Narratives, Essays, and Biographies, by Mrs C. LEE HENTZ, PROFESSOR INGRAHAM and JOHN FROST, A. M., and most of the popular writers of the day

THE TRAVELLER.—In this department constantly appear Original Letters from our especial correspondents in England, France, Ireland, and Germany.

TO FARMERS, GARDENERS, ETC.—Our increased size gives us much more space to indulge in our favorite subject of tilling the bounteous earth, and especial attention will be paid to Agriculture, Horticulture, Floriculture, and the culture of every thing calculated to improve and benefit mankind, and make them independent of foreign monopolists, pernicious legislation &c.

FOREIGN LITERATURE AND NEWS.—As heretofore, we maintain arrangements to receive all the magazines and papers of interest published in England and on the Continent, the news and gems of which are immediately transferred to our colums, thus giving to *Emigrants*, as well as others a correct and connected account of whatever occurs of interest, either at home or abroad.

THE MARKETS.—Particular care is taken to procure the earliest advices in reference to the prices of all kinds of Grain, Provisions, Produce, &c., the state of Stocks, Banks, Money and Lands, and our extensive arrangements will hereafter render our Prices Current of inestimable value to the Traveller. Farmer, and all Business Classes whatsoever.

TO SUBSCRIBERS.

☞No increase of price is asked for the enlarged and beautiful Courier, and for the purpose of facilitating the formation of CLUBS, of which any old subscriber officiating will be considered as one, we offer the following

VALUABLE REAL ESTATE FOR SALE.

PURSUANT to competent authority, we will sell at private sale all that valuable farm called "FAIR VIEW" which lies in Dorchester County and contains about six hundred acres.

No situation in the County offers greater attractions as a place of residence. It is beautifully situated on the Great Choptank river, about 6 miles from Cambridge.

The arable land is good and susceptible of a high state of improvement at not much cost; for the means of improvement can be easily and abundantly obtained from the farm.

It is plentifully supplied with wood and timber of the best quality, which lie immediately on the river and convement to easy transportation. Wood and timber for market could be cut sufficient to pay the purchase money, and enough left for the purposes of the farm

A bountiful supply of fish & oysters can be caught in its immediate vicinity, and there is a fine shooting ground on the farm for Canvass-backs and other wild fowel.

The terms of sale will be made accommodating.—But a small proportion of the purchase money will be wanted immediately. The balance being secured and the interest annually paid, a long credit will be given.

CHICKERING'S PATENT ACTION PIANO FORTES.

THE subscriber is constantly receiving super Rosewood and Mahogany 6 and 7 octave PIANO FORTES from the celebrated factory of Chickering, Boston, with metalic plates and metalic frames. These Pianos have Chickering's late patent action, which is admitted by Piano-Forte players to possess qualities long sought for by the best makers. A damper pedal has also been added, which has the effect of placing the keys upon one string without moving the keyboard, which produces a soft and delightful quality of tone. Having sold a great number of these Instruments and never having received any complaint, the subscriber can confidently recommend them to purchasers. They stand remarkably well in tune, a desirable quality, especially where tuners are seldom to be had.

Also, German PIANO FORTES of superior quality and finish, made by Rosenkranz expressly for this market, constantly for sale at the lowest prices.
