THE CHRONICLE.

CAMBRIDGE—MD.

SATURDAY MORNING, April 13, 1844.

MAINE CONGRESSIONAL ELECTION.—A fourth trial to elect members of Congress, took place in the 5th and 7th districts of Maine, on Monday last. The candidates in the Seventh District were Thomas Robinson, Whig, and Shephard Cary, L. F.— The returns received show a considerable gain for Cary, and his election is conceded by the Whig journals. We have no returns from the Fifth District.

VERY LATE FROM INDIA.

Highly Important Intelligence—tremendous battle.—By the arrival of the Douglass, Capt. Townsend, at New York, from Palerma, via Gibralter, the Herald has received the Gibralter Chronicle of the 6th ult. inclusive, containing late and important intelligence from the East Indies by overland mail, There had been a terrible battle between the British in India and the natives, in which five thousand were killed and a great many wounded. The following is the summary of intelligence from the *Overland Bombay Courier*:—

Bombay, Feb. 1. The unexpected turn which affairs have taken in Gwalior, has this month almost wholly occupied public attention. Two—we might almost say three—battles have been fought and won, which, in character, are no way inferior to any that have taken place on India soil. Our Government—induced by the stubborness and apparent preperation for resistance shown by the Gwalior Court—have adopted the only means at hand—that of a recourse to arms. The enemy were the first to commence hostilities, by firing on the baggage party under Col. Sleeman, of the 26th, and then on a reconnoitering party sent out on the 28th. The right wing of our army, under the immediate command of his Exc'y Sir H. Gough attacked the Mahrattas in their position of Mahrabpool, while our left wing, under Major Gen. Grey, did so at Punniar, and gained a complete victory over them. Our loss, however, on these occasions has been very severe—the list amounting to 141 killed and 866 wounded; that of the enemy amounts to between 4,000 and 5,000 killed and wounded, with the loss of 50 pieces of artillery. The following are the names of the officers who have fallen in these actions, or have since died of their wounds, viz:—General Churchill, Colonel Sanders, Major Commelin, Captains Stewart, Magrath and Cobban, Lieutenants Newtown and Leaths, Ensign Bray; 40 have been wounded. The fort of Gwalior shortly after surrendered to us, and some of the principal chiefs came in and tendered submission.

More Inventions.—This is the very age of discovery, particularly in matters relating to steam and propulsion of vessels. We see that a "mechanic of Edinburg has invented a new method of propelling vessels through the water by steam.— It is a simple revolving cylinder, placed amidships, which acts as a windlass, *and makes a rope of the sea*, in fact the velocity acquire is in proportion to the quanity of water discharged by the agency of the cylinder, through a discharged nozzle at each side of the vessel, and what is curious, the discharging nozzle can be turned by a simple operation on deck, so as to stop the vessel, make her move backwards or round as on a pivot, with in her own length, without even the knowledge of the engineer or the assistance of the rudder, as no stoppage of the engine is necessary for these purposes. The convenience is a smaller consumption of fuel, and the capability of the broadside carrying an entire armament."

Life in Vicksburg.—A western paper has the following account of life in Vicksburg.

A duel took place the other day between two editors in Vicksburg. which opened a field for betting, equal to the race of Eclipse and Henry. The whole town seemed to be alive to the interest of the scene; and those who could not go over the river to witness the deadly combat, arranged themselves on the bank, where a boat continued crossing and recrossing, as a kind of courier, to bring the news. At the first fire a long lank looking genius said. "I'll bet a bale of cotton Hammet is hit." "Done." said his companion. The skiff soon arrived with news that neither was hurt, and that they were preparing for another shot. "Double or quits that Ryan gets killed this shot," said that his weasel-looking companion." "Done,' said the long genius. Pop went the pistols and again there was a long pause, while the courier boat was crossing to give intelligence of the fate of the life or death of a human being, in whose fate numerous bets would be decided. All was eagerness and anxiety, for some had money staked, others cotton—and in one instance we overheard a bet offered, when the reply was, "I havn't any money, but I'll bet you a race horse that Hammet kills him." At length these unnatural bets were decided by the fall of Ryan at the fourth round.— When the body was brought over mortally wounded, and poor Ryan in the last agonies of death; the long genius wanted his weazel-looking friend to fork over;—but it was no go - he declared "he would not give up till the last breath was out of his body," and, "says he, "if you bet me five to one, I'll bet you he don't die at all."

CAMBRIDGE, April 8th, 1844.

On motion, Geo. A. Z. Smith Esq. was called to the chair, and Wm. H. Stewart appointed Secretary of the meeting.

The following gentlemen were unanimously appointed to represent the county in the State convention to be held in Baltimore on the 27th of May—Moses Navy, O. P. Hooper, Thomas White, Edward A. Marshall and Benjamin D. Jackson Esqrs., who were empowered to fill any vacancy that may occur in their number. It is requested that all the Democracy of Dorchester county attend the Great Democratic Convention to be held in Baltimore on the fourth Monday of next month.

The following Delegates were unanimously appointed to represent the county in the district convention to be held at Barren Creek Springs on the 29th of April—Dr. Joseph Flint, Dr. Levin Hodson, Oliver P. Hooper, Benj. D. Jackson and John W. Dail Esqrs., who were empowered to fill any vacancy that may occur in their number.

It was resolved that the proceedings of the meeting be published in the Cambridge Chronicle, Easton Star, and the Republican & Argus, Balt.

On account of some mistakes which occurred in the publication of the proceeings below, we republish them this week with the necessary corrections.

At a meeting of the Whigs of Dorchester County at the Court House in Cambridge, on Tuesday the 2nd day of April, John H. Hodson Esq., was called to the Chair, and J. Bond Chaplain appointed Secretary.

The object of the meeting having been stated by N. L. Goldsborough Esq., on motion,

The chair appointed Thos. H. Hicks. Jacob Willson, Henry Willcox, Robt. Rawleigh, Wm. Frazier, Saml. Harrington, Saml. I Meekins, Jas. Cooper, a committee to recommend to the meeting five suitable persons to represent the Whigs of the county in the Gubernatorial Convention to be held in Baltimore, on the 30th instant.

Whereupon the committee recommended James Thompson, Jos. R. Eccleston, Jno. R. Keene, Reuben Tall & H. L. McNamara Esqs., who were unanimously confirmed by a vote of the meeting.

On motion, the chair appointed Jos. R. Eccleston, H. L. McNamara, Col. Jno. Vincent, Saml. Mowbray, & Jas. L. Geoghegan Esqs. a committee to report to the meeting ten persons as a delegation to meet similar delegations from the several counties of this Congressional district, at Barren Creek on the 18th inst. to select a delegate to represent the district in the National Convention to be held in Baltimore, the 1st. day of May, and an electorial candidate for President and Vice President,—whereon the committee reported Thos. H. Hicks, Jno. H. Hodson, J. Bond Chaplain, Edwin Medford, Robert Rawleigh, Henry Wilcox, Clinton Handley, K. M. Jacobs, John Webster and Wm. A. Sulivane, which report was unanimously concurred in by the meeting.

Wm. A. Sulivane offered the following resolution which was adopted, Resolved, should there any vacancy occur in either delegation, the remaining delegates shall have power to fill such vacancy.

On motion of Dr. F. P. Phelps, it was unanimously resolved, that the whole Clay Party of Dorchester County be a delegation to the Convention of Ratification to be held in Baltimore on the 2nd. day of May next.

Insanity produced by Millerism.—Dr. Woodward states in the last annual report of the Worcester Asylum that the number of cases of insanity from religious causes have incrrased the last year in most of the institutions in this country. In this hospital, 28 cases of 220 are supposed to have arisen from this cause, 15 of which were attributed to the Miller excitement, and much larger proportions are ascribed to the same causes in some of the New England institutions. It is rare, says Dr. W., that a popular religious error has produced so much excitement in the community and rendered so many insane. This is not surprising as the subject is momentous, the time fixed for the final consummation of all things so near at hand, and the truth of all sustained by unerring mathematics.

Honor To The Dead.—A salute of thirteen guns was fired to-day from Fort McHenry. in respect to the memory of Commodore Edmund P. Kennedy, who died at Norfolk. Va. on the 28th ult.

A Sorry Compliment.—A Philadelphia paper, in referring to the removal to an adjoining county the case of Pooler, charged with stealing from a room mate, says:—The pretext for the removal is, that he cannot be tried fairly in Baltimore. This is a sorry complaint for the court to pay the citizens of Baltimore. Twelve unprejudiced men cannot be found in the city! Had Pooler been a homeless destitute wretch, who stole a loaf of bread to keep himself from starving, twelve impartial men could have been easily found to send him to penitentiary.

MEDICAL EXPERIENCE.—Among the many additions made from time to time, to the medical department of science, which having gained a lasting fame and reputation, may be enumerated the Vegetable Extract Pills, from laboratory of Stainburn. No formal eulogy is demanded to make their virtues still farher known to the world, the proprietor being willing to rest their merits on facts alone. Their pre-eminent qualities and their prominent action upon the human system, in the eradication of disease, is fully proved by the multitude of cures which have been preformed through their instrumentality. *Stainburn's Vegetable Extract Pills*, being prepared from the finer and purre parts of plants which are celebrated for their mild purgative qualities, and the utmost attention being paid to the judicious blending together of the different constituents, warrants us in asserting that they are the best calculated for the sufferer, of any now before the public. They act like a charm, removing every vestage of disease, and speedily restoring the system to a healthy tone of action.— Let the afflicted give them a trial, and the truth of our assertions will be fully apparent.

The Stainburn Pills should always be at hand.

Office for the sale of the above valuable Pills is No. 338 Broadway, next door to the Tabernacle. Price 25 cents per box.

The Vegetable Extract Pills are sold by WHITE & ANDERSON, agents for Cambridge, and by agents published in another part of our paper.

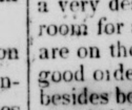
VALUABLE REAL PROPERTY FOR SALE.

THE subscriber intending to remove to the country, will offer at public sale, on *MONDAY the 13th of MAY* next, in front of the Court House, in Cambridge, the following property, viz:



The house and lot which he now occupies—the latter including a very fine garden, which has been much enlarged, and a lot attached to the same, which is high and a very desirable one for building on, and would afford room for a garden.—All the necessary out buildings are on the above property. The dwelling house is in good order, and spacious enough for the *largest family*, besides being in the *healthiest* and *most central* part of Cambridge. There is no house in this town, of equal comfort and convenience, which could be purchased for as low an amou[illegible] the above, a small house and lot adjoining, with kitchen and smoke house attached, which would very well suit a small family, and which is now rented by John F. Henry, Esq.

Also some excellent lots, well calculated for grain and grass crops, adjoining some of the lots of the late Henry Page Esq., and almost within the limits of the town. These will be offered for sale as at present laid off—two or three of them containing 4 acres and a fraction each—another about 3 acres—another over 2 —another over 6—another 8 and something over. Also a very desirable lot well stocked with wood and *timber*, containing 25 acres. This lot is from a mile to a mile and a quarter only from town, and so far as the subscriber knows, is one of the very best that can be obtained as near to town. All of the foregoing property will be disposed of on accommodating terms, which will be made known on the day of sale.

A FARM FOR SALE.

THE subscriber offers for sale the farm in Town Point neck, on which Luther Bain now resides. This farm is well located on Fishing creek and contains about 137 acres of land. The buildings are pretty good, and the farm itself is capable of a very high state of improvement at small cost; about one half of the cleared land (say 50 acres) is already limed, and there are abundant resources of bank shells and other means of improvement on the premises, and with a proper system of cultivation and a small expenditure of labour, it could, in a short time, be made very productive, and would yield a handsome interest on the investment.— The terms will be made easy, and a long credit, if desired, will be given upon the purchase money, provided the interest is punctually paid. Mr. Bain will shew the premises to any person wishing to view them, and for terms apply to the subscriber, or in his absence to N. L. Goldsborough Esq., in Cambridge.
