CHAPTER 364.

A FURTHER supplement to an act passed at March Session, eighteen hundred and forty one, chapter twenty three, entitled an act for the general valuation and assessment of property in this State, and to provide a tax to pay the debts or the State.

WHEREAS it has been represented to this General Assembly that several of the local authorities in this State have reduced the assessed value of the property directed to be assessed by the act, to which this is a further supplement, contrary of the spirit and true intent and meaning of the said original act:

For remedy whereof—

SECT. 1. Be it enacted by the General Assembly of Maryland, that all deductions and abatements in the value of property assessed, under the said original act, made by the Commissioners, the Levy Courts, and the Appeal Tax Court, in the city of Baltimore, subsequently to the expiration of twenty days after the second Monday in November next after the passage of the said original act, as provided for by the twenty fourth section thereof, except as hereinafter provided, be, and the same are hereby declared illegal, and contrary to the intent and meaning of said original act.

SECT. 2. And be it enacted, that no deduction or abatement in the amount, for which any person or taxable may have been assessed, shall be allowed, if made after the period mentioned in the preceding section; unless such person or taxable shall have aliened, transferred, or lost the property proposed to be deducted, as provided for in the thirty-eighth and thirty-ninth sections of said original act; and then only in the mode and manner, and upon the proof therein prescribed; or unless such deduction or abatement shall have been made in conformity with the opinion of the Court of Appeals, as directed by the thirty fourth section of said original act.

SECT. 3. And be it enacted, that it shall be the duty of the Levy Courts, and Commissioners, as the case may be, of the several Counties, and of Howard District, and of the Mayor and City Council of Baltimore, in laying and imposing the tax, under the provisions of the said original act, and its supplements, for the year eighteen hundred and forty four, and for all future years, to be governed by the assessment and valuation made by the Assessors under the original act, as such assessment and valuation may have been corrected and adjusted, agreeably to the provisions of the twenty-fourth, thirty fouith, thirty-eighth and thirty-ninth sections of said original act, and according to the true intent and meaning thereof, as herein and hereby declared.

THE Subscribers grateful for the patronage heretofore received, beg leave respectfully to inform their friends and the public generally, that they now have on hand and are daily manufacturing the most approved

*WHEAT MACHINES,*

ever offered to the public on this Shore. Their superiority over other machines consists in *simplicity* and *strength*, which will enable us to *warrant* them with perfect safety. Notwithstanding there are numerous Machines used in this county, it is a well known fact that they are too liable to become injured and broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced Farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

They would also call the attention of the public to their extensive assortment of

**PLOUGHS,**

**Plough Castings—Mill Castings, &c.**

Their assortment of Ploughs embraces a great variety, viz:

| SINCLARE & MOORE, | COULTER, - - |
| CHENOWITH, - | WILEY, - - |
| BEACH, - - | Patent CYCLOIDAL Plough, |

The merits of most of the above Ploughs are already well known; but the Wiley and Patent Cycloidal have been recently introduced by us on this Shore as a valuable acquisition to the Farmer. The Patent Cycloidal, in 1842, took the first premium at the Agricultural Exhibition, near Govanstown, Baltimore county, Md., over numerous competitors, comprising some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best timber, and warranted to run well. We are also prepared to do

## Notice.

THE late Sheriff & Collector, John H. Hodson, Esq., having transferred to my books all the accounts due him in Cambridge District, I hereby give notice that I shall proceed without delay to close up his business in said district. All those indebted to him for officers fees, county charges, or direct taxes, having frequently been requested to settle the same, are now informed that the time for all indulgence is past and that those who do not come forward and settle without any further notice will find themselves very disagreeably situated. It is very unpleasant to the Sheriff as his long forbearance has shown, but self preservation is the first law of nature. So I tell you tax-payers, look out for yourselves.

HANCE'S SARSAPARILLA, VEGETABLE, OR BLOOD PILLS, for the promotion of Health and the purification of the Blood.

WHAT IS LIFE?—THE BLOOD.

When the blood becomes impure or imperfectly circulated, it gives rise to the following diseases.

**LIVER COMPLAIN ,**

When the blood (in an impure state,) in traversing the body deposites its impurities on the liver, it gives rise to liver complaint, the principal symptoms of which are a bilious hue of the skin,—with dull, heavy, and wandering pains about the right side, shoulder & back; by a loss of appetite, indigestion, occasional fevers, difficulty of breathing, extreme debility, and many times with a *cough*, resembling *consumption*. This disease has long been amongst the most uncertain objects of medical skill, and, being nearly allied to pulmonary consumption, is very difficult of cure; owing also to the uncertainty which attends the use of medicines in this disease, it is generally allowed to take its own course unmolested. A few boxes of

**HANCE'S SARSAPARILLA PILLS,**

taken to purify the blood and purge away the impurities, will in all cases give immediate relief.

**CUTANEOUS DISEASES,**

By the term is meant diseases of the skin, which always arise from some derangement of the blood, thereby causing eruptions, pimples, blotches, and excessive heat of the blood, accompanied by a violent itching of the skin.

**HANCE'S SARSAPARILLA PILLS,**

If taken according to the directions for purifying the blood, will effect a cure in a very short time.

**SINGING IN THE EARS.**

When impurities from the blood become deposited on the drum of the ear, it causes a peculiar sound in the head, commonly known as "singing in the ears;" a few boxes of

**HANCE'S SARSAPARILLA PILLS,**

will cure the most obstinate cases.

**DIMNESS OF VISION OR SIGHT**

Is occasioned by the impurities existing in the blood becoming deposited around the eyeballs.

**HEADACH AND SINGING OF THE HEAD.**

These diseases are caused by impure depositions of the blood settling on the brain.

**HANCE'S SARSAPARILLA PILLS**

will in all cases effect a radical cure.

In purchasing these pills, let me add ONE WORD OF CAUTION, always ask for HANCE'S PILLS, and purchase of none but those advertised as agents, and if convenient, call and see the proprietor himself. Price 25 cts. per box for Hance's Genuine Pills. For sale by SETH S. HANCE, corner of *Charles and Pratt sts.*, and by

## LAND FOR SALE.

THE subscriber will sell at private sale that tract of land called "Bachelor's Forest," purchased by Camillus Kidder from the heirs of Lot Warfield. The above land lies in Vienna district, and joins Thomas Hodson's land on one side and Alexander Sherman's on the other, fronting on the road from Vienna to New Market, being covered or nearly so with white and red oak timber.

The low price at which it will be disposed of, (it is believed,) offers a safe investment to any person who is desirous of investing money in lands. The terms of payment will be liberal to a responsible purchaser, and the present owners will not object to taking a bay vessel in payment. HANCE'S COMPOUND SYRUP OF HOARHOUND,

FOR THE CURE OF

*Coughs, Colds, Consumptions, Bronchitis, Asthma, Spitting of Blood, Pain and Oppression of the Breast, and all Diseases arising from a Disordered condition of the Lungs.*

Perhaps there is no Medical Observation better established, and none more generally confirmed by experience of the best Physicians of all ages in all countries, than the Fact, that many of the most difficult and incurable Consumptions originate in neglected colds. In a climate so variable as ours, where the changes of weather are frequently sudden and unexpected, it requires more care and attention to guard against this dangerous enemy to human life, than most persons are able and willing to bestow. The bills of mortality exhibit the alarming and melancholly fact, that the number of deaths by this disease are as five to one. Inasmuch then as this fatal disease is increasing, and spreading so widely and fearfully, and bidding defiance often to the combined skill of the most eminent physicians, it is a gratification to the subscriber to be enabled to offer to all of consumptive habits, or those afflicted with distressing pains in the side or breast, or any affection of the breast or lungs, a reasonable and almost certain prospect of relief.

**The Compound Syrup of Hoarhound**

Is a medicine suitable to persons of all ages and sexes; and if taken on the appearance of the first symptoms, which are a *cough or pain* in the *breast*, will, in nine cases out of ten, afford relief, and effect a speedy cure.

*CONSUMPTION.*

Consumption is one of the most common and fatal diseases. Its fatality is owing in a great degree to the inattention with which its first symtoms are regarded, and in part to not understanding the nature of those symtoms and the best remedy for them. Experience and observation have proved that those complaints which usually terminate in consumption, might in very many cases be removed by early and proper attention. Thousands of lives, some of them highly valuable and useful to society, might be saved, the decrees of Providence permitting, if the first approaches of consumption were correctly understood and judiciously treated.—Drs. Arbuthnot, Buchan, and others reckon one-tenth of the whole number of deaths in Great Britain to be from Consumption; or about fifty-five thousand annually. In the cold and variable climate of the United States the amount is quite as great.

## COLLECTOR'S NOTICE.

I hereby notify all whom it may concern, that after the first day of January 1844, interest will be charged upon all accounts of county charge, direct tax, or officer's fees due for the year 1843. Persons having money by them would save the interest by promptly paying their accounts. I have heretofore urged upon the people the propriety and even necessity of an early settlement of their taxes. Upon this subject I have no discretion. The law has prescribed the days that I must settle with the Treasurer of Maryland, and if I fail to comply with the terms of the law, my bond may be put in suit. I regret very much that I have been disappointed in the effects of the different appeals I have made to the people upon this subject, and hope that they will no longer delay in calling promptly upon me, & settling their taxes. Such a course would afford me great satisfaction, and prevent a deal of trouble both to themselves & to me. Bear it always in mind that the taxes must be paid, and that if they are not paid voluntarily, the strong arm of the law will have to coerce payment.

NO QUACKERY!!! NO DECEPTION.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under affliction, nor do we wish to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favour. Such, indeed, are the

*SURPRISING VIRTUES*

Of this Balsam, that even in the advanced stages of CONSUMPTION, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stages of the disease, termed *"Catarrhal Consumption,"* originating from *neglected Colds*, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone. In that form of *Consumption* so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicine we have ever possessed.
