Putting a Laughing Face upon a Serious Matter.—*A Story of the Creek Campaigne.*—While Gen. Jackson was operating in the Creek country, some twenty odd years ago, he invariably gave orders that encampments should be made near the main body to prevent surprise and alarm; but he had one officer, Capt. G., who, although a brave man, was rather law less, and disposed to prowl and 'bush whack' about on his own hook and account. When the main camp fires were lit at night, his would frequently be seen off on some hill by itself, a mile, perhaps, from the other, and in a very exposed situation. Gen. Jackson finally got as tired of giving his orders in relation to encampment as Capt. G. was of receiving them, and seeing his fire one night on a distant hill, the commander sent an aid to arrest the brave but eccentric officer.

'Capt. G.' said the aid, 'I am ordered to take your sword from you.'

'Are you?'

'I am.

'Well, take the sword to Gen. Jackson and tell him to keep the d——d old thing. I only gave a dollar and a half for it when it was new, and know where I can get one twice as good to-morrow for the same money.'—Pic.

Caterpillars.—The Louisville Journal, alluding to the abundance of caterpillars in that section, says—"Attach a sponge to the end of a pole, saturate the sponge with spirits of ammonia, and apply the sponge to the web. A small quantity of ammonia will destroy all the caterpillars on a farm. This method is much more epeditious than the knife, and is quite as effectual and less injurious to the tree. A corn cob attached to a pole is sometimes used to clear away the webs."

(CIRCULAR)

To the Local Temperance Societies of Dorchester County.

By a resolution adopted at the last meeting of the Dorchester County Temperance Society it is made the duty of the Recording Secretary of that Society to address a circular to each local Society of this county, urging upon them the importance of sending full representatives to the next annual meeting, to be held in Cambridge on the 4th of July, proximo.

In the fulfilment of this duty the Secretary feels, that the importance of active and united exertion in the great cause of Temperance is too well appreciated by the local Societies to need enforcement from him. The success which has already attended their efforts is the best criterion of the further good it is in their power to accomplish. And from what has already been done, the friends of this cause sanguinely hope that by active and united efforts, and unceasing perseverance, its final and complete triumph will be achieved.

The Secretary would, therefore, in conformity with the wishes of the Society, respectfully request the various local Societies to send full representations to the next annual meeting of the County Society, and furnish them with such information relative to their respective numbers, condition &c. as will enable the county Society to form an accurate idea of the progress of the Temperance Cause in this county.

Margaret Rowens in her own right and as Guardian of Harriott Bell Rowens & others infants vs. James D. Rowens and others. } In Chancery, 10th June, 1844.

The object of this suit is to procure a decree for the sale of the Real Estate of which William Rowens late of Dorchester County deceased died seized and possessed, (reserving the widow's dower.)

The Bill states that the said William Rowens departed this life some years since, leaving the following named persons his heirs at law, to wit: Francis H. Rowens, James D. Rowens, Mary Jane, since intermarried with Thomas Meredith, both being infants under the age of twenty-one years, Harriet Bell Rowens, William Rowens, Margaret Ann Rowens, and Thomas B. Rowens, and the complainant, his widow; that he was seized and possessed of certain real estate, to wit: of a tract of land called lying in Dorchester county and containing acres more or less, and another tract called containing acres more or less, that the interest of the said Francis H. Rowens has since the death of the said William Rowens been sold at Sheriff's sale and that a certain Jeremiah C. Wright became the purchaser thereof, and that since that time the said Jeremiah C. Wright has sold the said interest to the complainant, whereby the complainant has become tenant in common with the other above named heirs than the said Francis H. Rowens, that it will be for the interest of the infants Harriet Bell, William, Margaret Anne and Thomas R. Rowens of whom the complainant is guardian, as well as of the other heirs and of the complainant that the said land should be sold, and that the said James D. Rowens resides out of the State of Maryland.

It is therefore adjudged, ordered and decreed, that the complainant, by causing a copy of this order to be inserted in some newspaper published in Dorchester county once in each of three successive weeks before the 15th day of July next, give notice to the said absent defendant of the object and substance of this Bill, and warn him to appear in this Court in person or by solicitor on or before the 15th day of November next to answer the premises and show cause if any he has why a decree should not pass for the sale of the said estate as prayed.

VALUABLE PLANTATION FOR SALE.

BY virtue of a Decree of the Court of Chancery, I will offer at public sale, to the highest bidder at Tobaccostick, on

Saturday the 13th of July

next, at the hour of 2 P. M. the following property:—the Home Plantation where the late Joseph Stewart resided in his lifetime. There are about 225 acres embraced in the several tracts, comprising the Plantation. The improvements on the place are commodious; besides the main dwelling and the out houses attached, there are several smaller dwelling houses on the place, a store-house, work house, two blacksmith shops, windmill &c. The situation is directly on the North side of the head of Tobaccostick bay, and binds with the water for a considerable extent down the creek, and the shores have been much used for landing wood and for ship building, for which they are well calculated. The residence is, universally conceded to be very healthful, pleasant and agreeable, affording facilities for fish, oysters and wild fowel. The arable land is without exception, in prime order, and adapted to the most luxurient growth of both, wheat and corn, and has the reputation of producing as heavy crops as any land in the county, to the quality. To a person desirous of a delightful residence, or to embark in the mercantile, ship building or lumber business, probably this location is not exceeded by any in the county. Any one wishing to purchase, will examine the premises which will be shewn with pleasure by Levin W. Stewart Esq. Any persons desirous of buying this situation or any other lands belonging to the heirs of Joseph Stewart in the vicinity, may be accommodated, as they will be offered, if timely application is made to the trustee.—This property is sold for the purpose of division amongst the heirs and will be sold subject to the widows right of dower.

The terms of sale are one fourth cash on the day of sale and the residue on a credit of 12 and 24 months, in equal instalments, to be secured by bond, with security to be approved by the trustee, and bearing interest from sale.

JAMES A. STEWART,
June 15, 1844. tds Trustee.

VALUABLE REAL ESTATE FOR SALE.

PURSUANT to proper authority vested in me, I will sell at public sale at the village of Church Creek in Dorchester county, at 3 o'clock P. M., on

Satu:day the 27th of July

next, all those three Timber Lots lying near the said village, part of the real estate of the late Henry Page, containing 24, 25 and 25 1-2 acres each. Also the Farm near said village called 'Colstens Puzzle & Blackford,' containing 76 acres more or less, being the same lands purchased by Henry Brannock of Mrs Rose Ann Pitt.

And, on *MONDAY the 29th JULY*, at the Court House door, at 2 o'clock P. M., I will also offer at public sale the Farm of 'Jinkin's Creek' now in the occupancy of Mr. William S. Byus. This farm contains by estimation 372 1-2 acres, and is beautifully situated on the Great Choptank river, about four miles below Cambridge the metropolis of the county, between the residences of Martin L. Wright and William T. Goldsborough Esqrs. The situation is one of the best on the river—the steamers Maryland and Osiris pass close to and in view of the farm weekly. The shore is clear and free from marsh, and the banks high and for the most part not liable to wash. This land is of the best quality and susceptible of the highest degree of improvement; and the shell banks which may be found all along the river and creek afford an inexhaustible supply of fertilising matter.—Over five hundred dollars was paid in cash for spreading this manure on the farm the last summer and autumn. There is an abundance of wood and timber for the use of the farm and to spare. There is, perhaps, no farm in the county affording more inducements to the purchaser, whether a profitable investment or a pleasant and agreeable residence be desired. The dwelling is very comfortable and sufficiently large for the accommodation of a family of moderate numbers, with excellent water in the yard, and the out-buildings are in very good condition and believed to be ample for the purposes of the farm—in truth the farm will bear inspection, which is invited.

Also, at the same time and place, I will sell a wood lot of thirty acres, part of the Shoal Creek lands, about one mile and a half from Cambridge and adjoining Dr. Muse's Appleby farm. This lot is believed to be will wooded and convenient to the citizens of Cambridge for fire wood.

All this property will be sold on a long credit, say 2 3 and 4 years, and even longer if the security be entirely satisfactory. The interest must be paid punctually every year on the whole sum. Bond with approved security will be required, and on the payment of the whole purchase money the land will be conveyed by a clear and unexceptionable title.
