PRESERVING THE
LIFE ESSENCE OF
Medicinal
PLANTS, AS THEY
EXIST IN THE GROWING
VEGETABLE.

THIS MOST POPULAR OF ALL MEDICINES has truly gained the confidence of the many thousands of sufferers who have used it, in many forms of disease, with UNFAILING SUCCESS. The following complaints have always been cured when the Stainburn Pills have been taken according to the directions which accompany each box.

Drainage, Constipation, Bilious Complaints, Liver Complaints, Cholera, Coughs and Colds, Rheumatism, Fever and Ague, Scrofula, Bites.

Whooping Cough, Measles, Worms, Small Pox, Eruptions in the Skin.

A vast number of communications have been received by the proprietor, each proving a cure of some of the above diseases, and which might here be introduced, would space permit, but it is hoped the following will be sufficient to place beyond all doubt **THEIR CURATIVE VIRTUE**.

From Dr. Reed, of Virginia,
Norfolk, June 12, 1844.

Dr. Stainburn—Sir: Since I last wrote you, I have seen several persons who have been using the Vegetable Extract Pills, and in every case they have proved themselves worthy the name they bear. A young man by the name of John Forsythe, had been wasting away in a seated consumption for several years, and by using the Extract Pills for about two weeks, his cough, pains, &c., left him entirely, and he is now as well as to be about his ordinary business. Indeed, sir, from the rapidity of the sales, the value of your pills may be safely discerned. I am entirely sold, have daily calls for them, and wish you would forward me more as soon as possible.

Yours, &c. THOS. S. REED.

From Massachusetts,
Worcester, June 17, 1844.

Dr. Stainburn—My daughter, who had a distressing cough, raised a great quantity of phlegm, and who was afflicted with palpitation of the heart, had taken a box of your Vegetable Extract Pills, and is now quite well. Others bear testimony to their good effects.

Yours respectfully, JOHN STRIKER, Jr.

The Pills are sold Wholesale and Retail at Dr. Stainburn's office, No. 7 Ann Street, and by most of the respectable Druggists in New York. Also, by one agent in each village in the United States.

CAUTION TO AGENTS.

The immense demand for the Stainburn Pills has induced some unprincipled rascals to make a counterfeit, and hawk it about the country; but let agents be aware of these persons, and remember that he who sells a counterfeit medicine, or encourages such rascals, is as much to be shunned as the poisonous adulterator who is not to be housed or fed, drive him from your houses and from your villages, as you would drive away a dangerous pestilence; for he assured the creature who could sell to you a counterfeit pill, to rob you of your health, is base enough to carry the assassin's knife and take away your lives.

My travellers are each furnished with a power of attorney, signed Jas. W. Stainburn, and proved before a Notary Public of the United States, and also by the Clerk of the City of New York. You will therefore please to preserve this advertisement, and should any person offer you my medicine without such power of attorney, do not deal and shun him for your own credit's sake, but point him to it, and say: 'Thou art the man to be despised and shunned.'

N.B. Agents who may desire supplies of my pills before my travellers call upon them, will please forward their orders per mail to No. 7 Ann Street, and oblige their obedient servant.

For Sale,

THE farm on Taylor's Island belonging to the heirs of William H. Travers died, and now in the occupancy of his widow, beautifully situated immediately on the Chesapeake Bay, and adjoining the lands of William K. Traverser, consisting of about 100 acres. The dwelling is a two story one, and in good repair, with other out houses. The arable land is tolerably good and very susceptible of improvement.

The said farm will be sold at public sale, on the premises, on the first Tuesday in June next, (if not previously disposed of at private sale), on the following terms: one half of the purchase money to be paid in cash on the day of sale, and the balance in two equal instalments of one and two years, with interest thereon from the day of sale, by the purchaser giving bond and security approved by the Trustee.

Also, there will be offered for sale on the same day, some household property and some stock.

WISTAR'S BALSAM OF WILD CHERRY.

A Compound Balsamic Preparation from Wild Cherry Bark and Tar.

The best remedy known to the world for the cure of Coughs, Colds, Asthma, Croup, Bleeding of the Lungs, Whooping Cough, Bronchitis, Influenza, Shortness of Breath, Pain and Weakness in the Breast or Side, Liver Complaint, and the first stages of CONSUMPTION.

A THOUSAND CURES in cases deemed utterly hopeless have firmly established its vast superiority over every former medical discovery. It has always been styled "Nature's own Prescription," being formed chiefly from chemical extracts from Wild Cherry Bark and Tar—two trees that are thickly scattered wherever diseases of the lungs prevail. We give a few instances of its extraordinary power, from a catalogue almost without end.

A lady (address will be given at the New-York Agency) who was given up by all of her physicians to die of consumption, had a hard tumor for months on the side—raised among large quantities of matter a sort of honey substance—had taken no medicine for two months, being past all hope—entirely cured by a few bottles of this Balsam in September and October, 1844.

A. Williams, Esq., Attorney, &c., New York, cured of spasmodic asthma of 25 years' standing, certified to by Recorder Tallmadge and J. Power, D. D.

A. Carman, New York city, who had not slept, lying down, for 7 years, being obliged to sleep in a sitting posture) so far cured as to attend to his business in the most stormy weather.

Thomas Bradley, Esq., J. P., Jamaica, L. I., cured of asthma of 40 years' standing.

Mrs. Anna D. Hopkins, of Knowlesville, Y. Y., entirely cured of liver complaint and general debility of eighteen months' standing.

Jacob Hoffman, M. D., Huntington, cured a child of P. Schreible, of obstinate disease of the lungs after he had tried all the usual remedies in vain.

"There is an old thing as fall" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one can doubt—fully establishes this fact. For the sake of brevity, we select the following from thousands.

Isaac Platt, Esq., Editor of the Polk's Eagle, one of the most influential papers in the state of New York, states, under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in February, 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms.

Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first; she became scarcely able to walk, and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and in seemingly restored her.

She got a second, and before it was half taken, she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt says "I can come under my own observation, and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POSTMASTER, DATED

PEMEROE, Washington Co. Maine, April 29, 1844

Mr. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity, who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 300 miles from this place.

I have no doubt that it would meet with a ready sale, if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in August,

she got a bottle of it, and in a few days she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

I am, with respect, yours, &c.

P. G. FARNSFORTH, P. M.

The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal Dr. WISTAR'S BALSAM OF WILD CHERRY.

A TRULY WONDERFUL CURE.

WATERVILLE, Oueda Co., N. Y. Sept. 15, 1843.

Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs.

It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village, but after exhausting all their skill to no avail, they pronounced my disease a CONFIRMED CONSUMPTION, and they one and all gave me up to die.

After much persuasion, I got the consent of my physician to use the BALSAM OF WILD CHERRY, prepared by Dr. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better, and my symptoms in every way improving.

I have now used three bottles, and am restored to perfect health. This result is alone owing to the use of Dr. WISTAR'S BALSAM OF WILD CHERRY.

I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

Very truly yours, JAMES SAGE.

Mr. PALMER, Druggist, under date of Waterville, September 24, 1843, writes:

The statement given you by Mr. James Sage is well known to be true by this whole community. It certainly was a most remarkable cure. The sale of the Balsam is very good, and its success in cures truly flattering.

Yours respectfully, D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HADDONFIELD, N. J., April 23, 1843.

On or about the 13th day of October, 1841, I was taken with a violent pain in the side, near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter, and also much blood. Being greatly alarmed at this, I applied to a physician; but he said he thought he could do but little for me, except give me some Mercury Pills which I refused to take, feeling satisfied that they could

do me no good; many other remedies were then procured by my wife and friends, but none did me good—and the discharge of blood and corruption still continued every few days, and at last became so often severe that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up; and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle, which RELIEVED ME IMMEDIATELY; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

THOMAS COZENS.

PERSONALLY came before me, the subscriber, one of the Justices of the Peace in and for the said county, Thomas Cozens, and being duly affirmed according to law, said the above statement is in all things true.

Affirmed before me, on the 20th day of April, 1843. J. CLEMENT, J. P.

Such is the unprecedented success of this Balsam "Nature's Favorite Prescription," a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the Author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this Balsam, or by putting up a mixture and solemnly asserting that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "THE GREAT REMEDY," and that to sell any mixture it must be like this in name, or purport, to be like it in substance.

Believe not the cunningly wrought fabrication—and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY.

NO OTHER CAN BE LIKE IT.

Address all orders to ISAAC BUTTS, No. 32 Ann Street, New York.

THOMAS M. FLINT, Cambridge, Md.

CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS.

A medicinal preparation is hereby announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its medicinal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar, nor could he afterwards, unless by its great purgative effect, suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not gripe the bowels, and thus the patient who takes them avoids two evils which attend all other purgative medicines, namely, nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being mixed with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the tor must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood. Pure blood is therefore essential to health. We must not, however, until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as is everywhere known; but people have such an aversion to medicine that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness rebukes them for the folly of their conduct.

Still they have some excuse; for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be exceeded by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills
