POETRY.

MY COTTAGE HOME.

BY A. BROWN.

"I dreamed a dream the other night,
When everything was still,"
I thought I saw my cottage white
Upon yon flow'ry hill—
The grass-plot green before the door,
The porch with vines o'er grown,
Where lovely as they were before,
When that home was my own.
Oh! Rumseller,
That home, that home of thine,
That pleasant home, that happy home
That cottage home was mine.

The graveled walks, so white so straight,
With flower-bands on each side,
That led down to the wicket gate,
Where Willie used to ride—
The locusts o'er the path that grew,
The willow boughs that swayed
All told me with a tongue o'er true,
That there my Mary played.
Oh! Rumseller, &c.

The silver lake, so calm so clear,
Along whose banks I've strayed
So often with my Lucy dear,
To watch the sunlight fade;
The brook that, purling, sweetly ran
The garden foot along,
And murming fount, as bright as then,
Still sung the same loved song.
Oh! Rumseller, &c.,

The window towards the garden gate
That looked out on the west,
Where that lov'ed being used to wait,
Who made my home so blest,
Was closed—the sombre curtains hung,
And no loved face was there;
Nor voice, the evening song that sung,
Or breathed the morning prayer.
Oh! Rumseller, &c.,

Silence hung round that happy home,
Where once so light and free,
My laughing children used to come
And dance upon my knee,
Where she who was that home's dear light,
In constant beauty shone—
Around that hearthstone bright,
All now was still and lone,
Oh! Rumseller, &c.,

AGRICULTURAL.

DISTANCE OF ROWS.

This is a vexed question, and so will continue throughout all time, and hence we shall not attempt to settle the point in dispute. We will only remark that, so far as our experience goes, 3 by 4 feet is a safe distance. Some prefer 3½ by 3½ feet, while others think 4 feet each way best; but where large crops are sought for, there must be stalks enough upon the ground to assure them.

Number of Stalks in the Hill—If the ground be, as it ought to be, liberally manured, three plants should be left in each hill,—so, also, may that number of plants be left in each hill in land naturally very fertile, though it may not have been manured.

Distance apart of Drilled Corn—When corn may be cultivated in drills, the stalks should be about 12 inches apart. But land to bear such close planting, must be very highly manured broadcast, as well as in the drills.

OF THE CULTIVATION.

The great art in caltivating corn is to keep it clean, and the earth open, from the time it is three inches high, until it shall be laid by

We believe that it should be cultivated flat, and that the cultivator and hoe are the implements to be used in its culture. We believe, too, that the working should be so frequent, as that the grass and weeds shall have no time to grow, and that the earth should at all time be kept so open and mellow, as to be in the best possible condition to attract the dews, and to be benefited by atmospheric influences.

FENCES.

Examine these carefully and have all needful repairs made.

GATES.

If your entrances to your fields are through bars, substitute these by good, substantial, through light, well hung gates.

MATERIALS FOR MANURE.

Industriously collect all such substances on your place and utilize them in the way we have so often pointed out to you.

HAULING OUT MANURE.

Get your long manure in place with all possible despatch. As you deposit it in piles, sprinkle it with plaster, and cover each pile with the surrounding soil.

MARLING LAND.

Any lands that need liming, should now be marled.

COMFORT FOR SANDY LAND.

Ten loads of *clay* mixed with ten loads of barn-yard or stable manure, will go further, fertilize the land better, and last longer than would 20 loads of barn-yard or stable manure alone. The mixture should be thorough and complete.

OATS.

Time of Sowing—The sooner this crop can be got in after the frost is out of the ground the better. It is futile to attemp to prescribe any particular time to sow oats, as the time must be determined by locality. As a general rule, it may be laid down that the proper time to sow oats is when the frost is out of the ground, and ploughing can be well done.

Quantity of Seed per Acre—Not less than 2 bushels of seed per acre should be sown on any ground fit for the cultivation of oats. To sow oats on poor land, without manuring it, is one of those fallacies which include but to deceive one.

Vocal Music and Piano Forte

T. Stratford Damer,

(Late Pupil of Sig. Crivelli, member of the Roy al Academy of Music, London.)

FINISHING TEACHER OF THE BEAUTIFUL ART OF SINGING.

SIGNOR CRIVELLI'S method of forming the voice has acquired for him the reputation of being the best Vocal Teacher in Europe, and therefore needs no encomium.

His method, which has been adopted by Mr. Damer, both in the Italian and English styles, renders the exercise truly healthful, and many persons, in the first stages of Consumption and Asthma, have been materially benefitted by his system of inhaling, instead of Exhaling, in producing vocal sounds, inasmuch as the chest is always kept inflated.

Mr. Damer's terms are thirteen dollars per quarter of *twenty-four lessons of one hour* each.

Three lessons a week—half in advance.

Mr. Damer brings with him many certificates from the most respectable citizens of Frederick, where he has resided and taught for many years. He will be in Cambridge in a few days. Persons wishing to become pupils will immediately inquire of Dr. Robert P. Tubman, or of the Editor of the Chronicle. june3-tf

THE ELECTRIC CHAINS

are secured by patent in this country, England France, Germany, Austria, Belgium—and are al so used in every hospital in the city of New York as well as in Europe—are highly recommended by Profs. Valentine Mott, Van Buren, Post, and Carnochan. A pamphlet, containing much inavable information, can be obtained of the Agent (gratis) who will explain their mode of use.—Price of Chain, from $3 to $5.

"Think close and ponder well." The PRINCIPLES upon which it is claimed that the chains produce their marvelous cures, are, first—that all nervous diseases are attended and produced by a sufficient supply of nervous fluid, an agent that resembles closely electricity, or electro-magnetism; and 2nd—that the electro-magnetic chains, by being worn over and upon the part and organ diseased, furnish to the exhausted nervous system, by its powerful stimulating effects, the nervous fluid which is required to produce a healthy action through the entire system. No disgusting nostrum is allowed to be taken while using the chains, but a rigid observance of the general laws of health is required. Brisk friction upon the part diseased adds much to the effect of the chains, by increasing their power.

Rheumatism.—The most severe case of chronic rheumatism can be cured by wearing the chain only a few days. Showering with cold water and brisk friction to the part effected, should be rigidly observed under all circumstances. The common practice of rubbing on some greasy liniment is always injurious. The most severe acute pain can be instantly relieved by a single application of the chain.

Female Diseases.—In this class of diseases, the electric chains have proved more effectual than any other remedy. In PROLAPSUS UTERI they are much more convenient—are more easily worn, (weighing but two ounces) than the than the galvanic supporter, which is heavy and uncomfortable. By attaching one end of the chain upon the abdomen, and the other upon the spine just above the hips, the usual troublesome symtoms of that lingering complaint are at once relieved. A constant current of electro-magnetism is sent through the parts, which acts as a powerful stimulant to the nervous system.

One Thousand Dollars will be given to any person who will produce so many well authenticated certificates of cures, both from intelligent patients and scientific physicians, of NERVOUS DISEASES as have been performed by the use of Pulvermacher's Electric Chains within the last year.

CALL FOR FINAL

MASS MEETING OF SHAREHOLDERS

To determine on the disposition of the *Gift Property* to the Shareholders.

AT a meeting of the Shareholders in Perham's Third Gift Enterprise, held on the 27th of July, the following resolution was adopted:

"Resolved, That so soon as it is ascertained 180,000 of the Gift Tickets issued by Perham his third enterprise, are sold, the Committee shall call the shareholders together at the most convenient place, for the purpose of instructing said Committee in regard to the manner of disposing of the Gift Property."

Having learned from Mr. Perham that 60,000 of said tickets were sold, and that in all probability the remaining 20,000 called for by the above resolution would be sold by the first day of January next, we have determined in accordance with the above opinion, to call a MASS MEETING OF THE SHAREHOLDERS at some place to be hereafter named on the 17th day of January, 1855, for the purpose designated by the resolution.

For Coughs, Colds, Bronchitis. Croup, &c.

STABLER'S

DIARRHŒA CORDIAL

The valuable medicines above named, are not emperical, but are prepared in agreement with the experience of some of the most learned and judicious practitioners and are not secret, further than is necessary to protect the proprietors and those who use them from loss and imposition, as the component parts have been made known, CONFIDENTILLY, from time to time, to perhaps.

500 PHYSICIANS!!!

In Maryland, Virginia, District of Columbia, Ohio, and other places, *all of whom without a single exception*, have approved of the formula, and most of them acknowledge that they are the *best* remedies that they have ever known for the cure of the diseases from which they are recommended. Our confidence in the excellence of these medicines, added to our desire to avoid the just prejudice of the medical profession against *secret* and *quack* nostrums induced us to adopt this candid course. We append a few of the notices we have received from Physicians, viz

From Dr. William H. Farrow, of Snow Hill, Maryland.

GENTLEMEN—I have frequently in my practice prescribed your "Stabler's Anodyne Cherry Expectorant" and Diarrhœa Cordial," with great satisfaction to myself, and to the *entire relief* of such diseases as they profess to cure. I consider them happy combinations of some of our most valuable and safe therapeutical agents, and must be of infinite worth to the afflicted and mankind at large. In furnishing the medical profession with these active and concentrated preparations, so convenient for administration, and of a standard quality, you have rendered them an eminent service, and I can do no less than *earnestly recommend* these preparations to practitioners, and especially in the country, where the impurity of commerical Drugs is one of the greatest obstacles to the success of the Physician.

Doct. W. S. Love, writes to us that he has administered the Expectorant to his wife, who has had the *Bronchitis for fourteen years*, and that she is fast recovering from her long standing malady. It has in a few weeks done her more good than all the remedies she has heretofore used under able medical counsel.

From Dr. H. P. Worthington Laurel, Md.

"After several months use of your Expectorant, both in my own family, and in general practice, I am confirmed in the opion expressed of it, when first made acquainted with the recipe. For one I thank you for so convenient and elegant a preparation of the Wild Cherry."

From Geo Gerry, M. D. of Somerset Co., Md.

"Gentlemen—I have *used* many of the different Cherry Expectorants, and I do assure you that yours *far exceeds any I have ever tried.*"

From Dr. J. Ridgway Andre, of Kingston, Talbot Co., Md.

"Having examined the component parts of Stabler's Anodyne Cherry Expectorant; also of 'Stabler's Diarrhœa Cordial,' and having *used them in practice*, I feel so hesitancy in recommending them."

From J. E. Marsh, M. D., Kent Co., Md.

"I have made free use of your Diarrhœa Cordial, in my family. It gives me much pleasure to add my testimony to that of others, in favor of its efficiency."

From Samuel Martindale, M.D., Chesapeake City, Md.

"I have much pleasure in adding my testimony in favor of your valuable Cherry Expectorant I have, after an *extensive use* found it to answer all my expectations."

Form Dr. Dan'l. W. Jones, Somerset Co., Md.

"I have given your Expectorant and Diarrhœa Cordial, a fair trial, and am delighted with their effects, *never having had them to fail in a single instance.* I shall take *pleasure* in recommending them.

We have been favored with a written certificate, cheerfully given by numerous *Medical* gentlemen, in Maryland, Virginia and Ohio, which alone should convince the most doubting, that these are really "Good Medicines" after stating that they have administerd them to their patients, they testify "that they are remidies of *great value, safe, efficient* and *well worthy* of the patronage of the Professionand the Public, that they are *more reliable than any other* proprietary medicines with which we are acquainted."&c.

Six-teen of the best Apotheearies and Pharmaceutists in the City of Baltimore, write, "We are satisfied these preparations are medicines of great value *very efficient* for the relief and cure of the diseases for which they are recommended, and we take pleasure in recommending them."

Thirty-six of the most respectable Merchants, residents of Maryland, Virginia and North Carolina, who have sold and also used these medicines themselves, say, "We have never known any remedies used for the disease for which they are prescribed, to be so efficient and to give such entire satisfaction to all."

The above notices of recommendation from members of the Medical Faculty; Pharmaceutists of high standing, and Merchants of the first respectability, should be sufficient to satisfy all, that these medicines are *worthy of trial* by the afflicted, and that they are of a different stamp and class from the "Quackary" and "Cure-Alls" so much imposed upon the public.

See the descriptive Pamphlets, to be had gratis of all who have the medicines for sale, containing recommendations from Doctors Martin, Baltzeal, Addison, Payne, Handy, Love, &c.

DR GORDON HARRIS

MAY be confidentially consulted at his Lock Infirmary No. 31 South Gay street, opposite the Exchange Buildings.

No Money Required if a Cure is not Effected.

A practical experience of over 20 years enables Dr. H. to warrant a cure in the shortest possible time to have it safely effected.

This Infirmary, extensively celebrated for effectual and speedy cure of all classes of secret diseases, was established in this city, as a refuge from Quackery, over 18 years ago

The high reputation of this Institution would render public notice unnecessary were it not for the many applicants here for treatment who have been *filched of their money and maltreated* by the vile charlatans who flourish so largely in the public prints, and with whom our city is overstocked

Afflicted, be on your Guard!

If you would avoid injury, pecuniary loss and disappointment, seek early medical aid, where proper treatment can be obtained. Dr. H. makes no alluring professions, and promises no more than he will honorably perform.

Secondary and Chronic Cases.

Many have suffered for years under the effects of a badly cured disease, without knowing it to be a secondary form. The usual symptoms are sore throat, ulceration of the mouth, itching and tenderness about the nose, blotches or eruptions upon the skin, nodes upon the bones, a sensation of heaviness, Deafness, and dull pains in the head and limbs, &c. Cases differ much in character, hence but few of the symptoms are sometimes experienced; any one of them is sufficient cause of alarm. Upon the perfect constitutional cure of the oldest and most inveterate of such cases, Dr. H. is willing to stake his honor and reputation.

Strictures, Gleet and Impotence.—These affections are often unheeded until the appalling signs of danger or deep seated injury awaken the sufferer to a sense of his true condition.—They are then so confirmed, as often to baffle all the usual modes of treatment. The experience of Dr. H. enables him to say, that he can safely warrant a cure in the most obstinate case of either disease.

The Triumph of Science.—The remedies of Dr. H. in restoring strong and manly vigor, renovating the shattered constitution, and removing speedily all debility or injury incurred from a *secret habit*, are unsurpassed by any discoveries the age.

Enfeebled Manhood may here find a certain restorative, and thousands, from their use, have realized the sweet *fruition of Hope*, which, from the failure of *Cordial Quackeries*, in their hitherto fruitless search, had become almost extinguished.

Advantages of Treatment.—No poisonous Compounds of Mercury or Noxious Drugs used in his practice. No severe restriction in diet, or detention from business is required—but without exposure. Disease is speedily oradicated.

To Females.—Long experience in the treatment of female affections, nervous diseases, &c., qualifies Dr. H. to afford EARLY RELIEF and effect a cure in the most difficult cases. Communications are sacredly guarded, and treatment marked with skill and delicacy.

DR. KEELER'S FAMILY MEDICINES.

Combine all the good qualities essential to giv them pre-eminence to the name of *Family Medicines*. Pleasant to take—active, yet salutary to a degree, as to cause them to be considered specific in the diseases for which they are recommended.

Purify the Blood—Invigorate the system, change morbid humors, and cure yourselves of chronic pleurisy, liver complaints, skin diseases, tetter, salt rheum, scrofula, chroaic rheumatism, white swellings, hip-joint complaints, mercurial affections, syphilitic disorders by using Dr. Keeler's Sarsaparilla.

Ladies suffering with obstructions, sallow complexions, jaundice, nervousness, are speedily cured by this great purifyer of the human body.

Testimonials from Physicians, and hundreds of others, can be shown, all speaking of the value of this remedy. It is just what it is represented to be, the greatest, cheapest purifyer of the blood and invigorator of the system now before the public. Dose small, bottle large.—Price $1, or $5 the half dozen.

Dr. Keeler's Cough Syrup.—The beauty and efficacy of this remedy is universally acknowledged by every one who has used and seen it. It will positively cure bronchitis, hoarseness, coughs, colds, pains in the chest, pleurisy, catarrhs, asthma, whooping cough, croup, and all diseases of the pulmonary organs arising from colds.

Its action is speedy, positive and salutary, combining in a high degree expectorant, sedative, diaphoretic and tonic, and will cure hoarseness in a few hours. The dose is small, taste so pleasant that children will desire it, and is just what physicians and families require—a ready, skilfully prepared and medicinally effectual remedy.

For testimonials, real genuine ones, see circulars around each bottle, and Dr. Keeler's Almanacks. It is in quantity, to say nothing of quality, the cheapest remedy extant. Price 50 cents per bottle.

Dr. Keeler's Rheumatic Lotion is without doubt the most salutary and powerful excitant, sedative, rubefacient remedy ever yet discovered, and will be found an invaluable remedy for rheumatism, stiffness of joints, bruises, pains of the head, chest, back and extremities. This valuable medicine combines the most powerful pain killing remedies known. It is not greasy, and does not stain. It combines more virtues than any similar remedy before the public, and will cure more complaints in a shorter space of time than any other article coming from Jew or Gentile. Try it, ye afflicted, and throw away your crutches. It is guaranteed to relieve, or the money will be refunded. Only 25 c. per bottle.

Dr. Keeler's Liver and Sanative Pills are gradually supplanting all others in the estimation of public. They are the best tonic purgative known, and always remove constipation, indigestion, jaundice, liver complaints, foul stomachs, headaches, billiousness, piles, and for all disorders where a tonic laxative purgative is required to change diseased action. Females, students, professional men, and all others who lead a sedentary life, and who are troubled with constipation or indigestion from inactivity, will find these pills the most effectual and pleasant of any yet discovered. Their action is spent upon the liver, moving more actively that sluggish organ, adapting its secretions to more healthy purposes, and carrying away morbid humors.—They give tone to the stomach, strengthen instead of weakening; occasion no pain in their action, and by their sanative influence on the liver and secretions, leave the bowels relaxed long after their effects have passed away. Forty pills in a box, and as a general rule two pills in a dose. Made from vegetable extracts, prepared in vacuo. There is no mineral ingredient in their composition.

Country merchants and traders will find these pills not only to give general satisfaction, but saleable through all sections of the country.—Retail price 25 cents per box.

Dr. Keeler's Cordial Carminative—the Ne Plus Ultra of medical discoveries, and the most certain and speedy remedy for Diarrhœa, Dysentery, Cholera Morbus, Cholera Infantum, Cholic, Griping Pains, Flatulency, and for derangements of the stomach and bowels arising from Teething, Food, Cold, etc. Words and language fail in promulgating the value and blessing which this remedy affords, and thousands of hearts and homes have been made glad, and to rejoice, too, that a remedy has been found so speedy and powerful in removing disease. It brings health and drives disease away—is more precious to mothers than gold or diamonds.

Only 25 cts per bottle, sufficient to cure 9 out of every 10 cases, and it is guaranteed to cure 99 in every 100 cases—think of this mothers, fathers and friends. Ship owners, captains of vessels, planters, farmers, etc., will be supplied with it, and nothing asked for it if it fails to give satisfaction in every case. Will you take it on these terms and save the lives of those you control.

Dr. Keeler's Vermifuge Syrup.—This remedy is a certain specific in destroying all varieties of worms. Children like it—the dose is small—and each bottle contains four times the quantity of worm medicine. Every representation made touching these remedies will be found true. Try it—Price 25 cts.
