Rev. Geo. Whipple
M.E. —

Dear Sir

Your favor of yesterday is rec'd. It will only be necessary to connect the Bill of Lading you have to cover. Send with me in an open form and on Mr Wilkes possession — The vessel clears for Liberia to touch at Sierra Leone — No intermediate cargo for Sierra Leone respecting shipping & Service — The Spoon made out on precisely the same manner — The letter came too late to make out new bills — The Capt. was not prudent to sign — The alteration was made in my hand & if satisfactory I will alter yours — I cannot anticipate any difficulty but expect yr. letter should not have been rec'd. in time to alter as you suggested —

Very truly yrs G. M. S. Hall
