Balto. Dec. 7th 1858

Dear Sir

Yours of 6th inst. received. We have our Mr. Hall agt here for Commodore Lind. You speak to pay for chicken which may be missing on arrival of the Ship. We shall see yr. offering the same arrangement with Mr. Commodore. We do say much against the captain caused by his want of white. Both heads of family low to the mission & incommoded to all concerned; but we cannot fix cause to blame our employer who had their hat on the health of carrying my many small packages from Farmer quarters at the same time. Memorial if blame can not it rests upon Mr. Hall's clerk who sent their now down to the ship
