Keep Your Light Burning!

KIPLING once wrote: "They asked me how I did it and I gave them a Scripture text: 'I kept my light a shining a little ahead of the rest.'"

During a period of business adjustment many firms neglect to keep their light a shining . . . they neglect cultivating new customers and retaining the friendship and confidence of their old customers . . . in other words, they neglect their advertising.

The business institution or organization that waits for "normalcy" to come back or for the signing of an armistice before beginning their advertising, will be left in the dark.

If you want to get your share of business in the post-war tomorrow, you must begin now to lay the foundation by the use of letters and advertising to your old customers and logical prospects . . . You must keep your light a shining a little ahead of the rest. NOW IS THE TIME TO LIGHT YOUR LAMP.
