OLDEST CHEVROLET TRUCK IS SOUGHT

Burke, manager, commercial and truck department, Chevrolet Motor Division, General Motors Corporation. Owner of the oldest vehicle will be presented with a Design" line of trucks which will be introduced by Chevrolet in the near future.

"We expect old truck entries from every section of the country," said Burke, "and may find the vehicle in farm service or doing a hauling job on a city street. Owners are urged to enter their oldest truck as it may be the winning vehicle."

Rules of the contest provide that the truck must carry 1947 license plates, and be driven to a Chevrolet dealership for official registration. Age of the trucks will be determined by the serial number of the vehicle. The search will begin May 10 and conclud June 15.

G. I. INSURANCE

(Fifth article of a series)

"When you buy a bond or mortgage and it matures, there is only one way you can get your money and that is in one sum, but with National Service Life Insurance, it's a different story," declares Mr. Walter E. Quamstedt, Manager, for the Veterans Administration's Sub-Regional Office, Cambridge, Maryland.

"Here's how a $10,000 NSLI policy is paid out in case of death, or if it matures as an endorment," Mr. Quenetedt explained.

"First, it may be paid in cash.

"Second, it may be paid in monthly installments from 36 to 240 months and any balance remaining with the fund is always drawing interest at 3 per cent. A $10,000 policy paid in 240 monthly installments pays out at the rate of $55.10 per month for a total of $13,224.00.

"Third, policies maturing as death claims may be paid out as monthly installments for the life time of the beneficiary, either 10 years certain or principal certain. That means that the beneficiary may take a life income but if the doesn't live to collect 120 monthly payments or payments guaranteering the face of the policy, the balance of such monthly income payments will be paid to the next beneficiary or beneficiaries.

"What other investment can you make that does not have to pass through probate courts and lawyers whem you die? What other investment can you make that may not be attached? And what other investment can you make that is free from all taxation?"

"The Veterans Administration Contact Office located at the Selective Service Office, Masonic Bldg., Easton, Maryland, will be glad to help you arrange your NSLI so that it will be tailor-made for your own situation." Mr. Robert M. Heatwole is located every Friday at the above-mentioned Contact Office between the hours of 10:00 A. M. and 4:00 P. M. and will be glad to assist any veteran.

HOME AND GARDEN TOUR ATTRACTS MANY

Everything was in shining readiness for the more than 300 visitors to the Talbot County homes and gardens opened for the annual tour. The tour was a great financial success as over $800 was realized.

Each place was a little more beautiful than the last one seen, if that could be possible, one Garden Club official said. For every place visited had its own special beauty.

The dogwood along the drive through the wood to Deep Water Point, the home of Mr. and Mrs. A. C. Dodge, was seen at iss lovliest, and the tulips at Cedar Point, home of Mr. and Mrs. W. Alton Jones, were magnificent. Lack of space prohibits description of the places visited, but each had its own particular charm, its own point of especial interest to those making the tour.

Miss Laura Southall, Home Economics Instructor of the Easton High School, brought the senior and junior girls of her classes and all the girls of the Cordova High School Home Economics class—about 33 in all. They started at 9:15 and went to all 16 of the places opened for the tour. They were very enthusiastic.

Answer: Because, for more than 200 years, Baltimoreans have been making a real effort to live up to the gracious reputation established by the Cavaliers.

The Lord Baltimore Hotel, Baltimore's largest, always has upheld this tradition. 700 comfortable rooms . . . all the facilities and services that travelers expect . . . and a genuine willingness to please each guest . . . have made it "Host to Most Who Visit Baltimore."

Keep Your Light Burning!

KIPLING once wrote: "They asked me how I did it and I gave them a Scripture text: 'I kept my light a shining a little ahead of the rest.'"

During a period of business adjustment many firms neglect to keep their light a shining . . . they neglect cultivating new customers and retaining the friendship and confidence of their old customers . . . in other words, they neglect their advertising.

The business institution or organization that waits for "normalcy" to come back or for the signing of an armistice before beginning their advertising, will be left in the dark.

If you want to get your share of business in the post-war tomorrow, you must begin now to lay the foundation by the use of letters and advertising to your old customers and logical prospects . . . You must keep your light a shining a little ahead of the rest. NOW IS THE TIME TO LIGHT YOUR LAMP.
