Baltimore April 26th/59

To Miss L. S. Mallett
Chapel Hill N.C.

Dear Madam

Your favour of the 17th is at hand. I can say nothing in addition to what my son wrote you in answer to yours of March 17th. The letter then mentioned from you directed to your former address was forwarded by the packet which sailed in March. It may possibly arrive out in time to enable family to come in our Ship the present voyage, but not likely. The Ship is out of time, but heavily freighted. She will sail again in ten days from the time of her arrival & I will then make an order for the girls to come down to her if she still wishes to do so.

Very respectfully yours
James Hall

Ship not in. will take your Tobacco, five cent gross handling
