Landing freight – You will not wait for parties to send on board for their goods, but land them [redacted] when they come to hand, & charge for the same as before advised 10 or 20 cts for the [illegible] by the boat load, as case may be. You will not however charge any of the emigrants, or colonist passengers for landing their goods this time, as they have little means. If our passenger Arminteade Miller, requires till the Ship returns to Monrovia to pay the balance due on his freight. You may grant it him, as he is honest & I believe responsible.

I hand you herewith the Port Regulations of Liberia, & you will doubtless receive more explicit instructions from the boarding Officer. Mr Stryker is the agent of the Society at Cape Mount, your first port – will advise & assist you in your business there. Mr Dennis at Monrovia, Mr Randannie at Bassa, Mr Payne at Sinou & Mr Gibson at Cape Palmas, – to all of whom I have written letters of introduction & advice. You can if occasion requires consult any of them in regard to the business of the Society or the Ship, & claim their assistance & co-operation in the latter. If our interests (G. W. & Hall & Co) demand [redacted] action, as receiving orders &c &c. You will please consult Mr Harris, Supercargo of the Brest Benson or the Brig Palmas, or [redacted] Mr Gill Bros at Monrovia & Cape Palmas. Mr Payne at Sinou & Randannie at Bassa. Also Capt
