Valuable Farm
FOR SALE.

I will sell at private sale, my "JENKINS' CREEK" Farm. To persons acquainted with the farm this would be a sufficient announcement to attract the attention of purchasers—but as there may be persons unacquainted with the place, who would like to invest in so desirable a situation, a little more extended description of it may not be improper.

The farm is handsomely situated on the South-west shores of Jenkins' Creek which empties into Great Choptank River, a few hundred yards from, and in full view of the Homestead. The creek and river afford all the advantages, conveniences, and luxuries, to be had on any first rate water situation, abounding as they do with fine fish, oysters and wild fowl, in season. It is within a mile and a half of the pleasant and flourishing town of Cambridge, the seat of justice for Dorchester County. There are two lines of steamboats passing the farm daily (Sunday excepted) between Cambridge and Baltimore. The farm contains about **330** acres of land, and is divided into six fields. There is a sufficiency of wood and timber on it. It is well watered having good springs in most of the fields, and has an excellent bricked well of superior water in the yard. The land is of the first quality, is easy to till and drain, and is in a good state of cultivation, having had put upon it recently several thousand bushels of lime, ashes and shells. There are valuable young orchards of apple and peach trees upon it, producing as fine peaches &c. as is to be found any where. The buildings are nearly all new, or recently well repaired, including barns, corn-house, ice-house, &c. In fine, I will not say that it is the best farm in the county, because there may be persons who think otherwise, but I will say, what with me is equivalent, I would not give or exchange it, for any 330 contiguous acres of land that I know of in the county.

Persons wishing to purchase are invited to call and examine it, and view the crops for themselves, as they will be the best, and most satisfactors recommendation to purchasers. There is a new and good Wind-mill on the place. Any reasonable credit can be had on the most of the purchase money by satisfactorily securing it, and punctually paying up the interest.

The well established reputation of this work makes it unnecessary to say more of its merits than to state the fact that it has superceded all others on the subject in the State of Maryland. For the Justice of the peace and Constable it may in some measure stand in the place of a law library—to the merchant and man of business, and to the property holder either in town or country it is very valuable, as it treats of matters of almost daily interest to all classes of the community.—All the laws which affect the duties of the Justice of the Peace passed up to December session 1846 inclusive, have been noticed in this editlon, and various improvements in the arrangement of the different subjects treated upon have been made.
