To Mr D. B. Anderson

Dear Sir Our Ship will leave the wharf on Thursday evening without fail. the weather all charmed. You will see by the accompanying circular that our friends Coffinger was a slight mark out of the way. but no great matter.
Have your son in law put up any little nice feed for himself if he goes in the steerage. as ever your there is plenty. although well cooked. well served & good.

Respectfully yours
J. Mercer Wallace

I go out in the Ship they voyage.

Probably Ship sails November next
