Dear Sir

Your letter of 13th inst. is received — The report not being ready to go with you in regard to the matter of allowing Liberia to follow Goa — It is rather a matter of country sentiment depending entirely upon the very common ~~[illegible]~~ that it takes time to make a begin. Although the Soty. has so many to depend in making such advance as would have gladly obliged you but for want of time in letter of 8th inst which you acknowledge receipt —

Your friendly, together with a very small cost from outside parts of the Jas. City, come in a letter
