Rev. Sirs,

For the last two years you have permitted the Rev. John Seys to act as travelling agent of the Maryland State Colonization Society. Mr. Seys has been devoted and most useful; and the Society is most desirous that they should still longer have the benefit of his services. Knowing that your permissions of this sort are annual only, the object of this letter is to solicit for Mr. Seys a renewal of the appointment, under which he has hitherto been acting. In the hopes that this may be granted,

I have the honour to be,
with sentiments of my high
respect, your Obt. Servt.
Jno. H. B. Latrobe.
Presid. Md. St. Col. So.

Rev. John Seys

My dear Mr Seys

I enclose you the letters suggested in your note of the 1st Inst. and sincerely hoping it may answer the object for which it is written

I am most truly
Your friend
Jno. H. B. Latrobe
Prest.

The Bearer Thomas Fuller, Junior, is an Agent of the Maryland State Colonization Society, and his object in traversing the State is to obtain Emigrants for the fall Expedition, as well as to promote a colored Colonization convention, which it is proposed in Baltimore on July 25. He is a person of respectability, and was one of a committee that visited Liberia, from Cambridge, Dorchester County, - it is hoped the friends of Colonization will facilitate him in his objects, and that he may pass freely in pursuit of them
