Chester-Town Sept. 27th 1832

To the Board of Managers for
removing the free people of color }

Gentlemen

I send herewith the list of the free people of color in Kent County taken in obedience to the act of December Session 1831 chapter 281, you will please to acknowledge the receipt of it – I regret that I have not found any who are willing to remove to africa, My opinion is that if some of the colored preachers who have been to Liberia and who are friendly to to the removal of the people of color to that place, would travel in Dis part of the country it would have more influence than all the labors that can otherwise be bestowed on the cause

I am very respectfully your obt Servt.
James F. Browne. Sheriff.
