I have called as often as convenience would permit, at the office in Fayette Street, on the subject of the passage of three coloured persons to Hayti.

Be pleased to receive the enclosed certificates, & when opportunity occurs let me have the amount, it being the only item which prevents my closing the acc for the last voyage of the Bicers.

Respectfully Yrs &c

NB. do not go out on this express business, but perhaps it would be well to send, as I do not know the hours of business at the office —
