Maryland State Colonization Office
Balt. June 15. 1834.

Dear Sir,

There is mailed with this, a small package of printed addresses, designed, one each, for the preachers of your District, also, one for yourself, - Not knowing to what Post Office to address the several preachers under your charge, is my apology for troubling you with the task of distributing to them the papers referred to. - Will you be so kind as to forward them with as little delay as possible. The cause they advocate is one of paramount importance to many great interests, & I flatter myself you will, with the pleasure of a christian minister, give it your sanction. With great respect Yours &c.

Edwd. T. Carter.
