BY virtue of a Decree of the High Court of Chancery, in the case of Elmira Creighton and others and Sarah Ann Creighton, I will offer at public sale to the highest bidder, at the Court House door in Cambridge, on

that valuable location on Hooper's Island, in Dorchester county, called "Parker's Beginning," which was conveyed by Levin Parker and Sarah his wife, in fee simple, to their grandson Robert Creighton by an instrument of writing, bearing date the 26th of February 1800, and which since the death of the said Robert has descended to his widow and children. This parcel of land contains four acres of improved ground, with the necessary Dwelling and out houses. The situation is a very choice one, being on Fishing Creek near the Ferry, very healthful and affords rare advantages. It is sold for the purpose of fair division amongst the parties entitled.

# For Sale.

AS I design removing to my Farm in the vicinity of town, I wish to sell my House and Lots in the Town of Cambridge where I reside.

A short description of the property thus offered may be necessary.

The Dwelling is commodious, and well arranged, roofed with zinc, not only durable but affording security against fire, and in excellent repair, with all necessary out buildings, viz: Corn House, Stables, Carriage House, Cow Sheds, double roofed meat house, ash house, &c., with a newly settled pump of excellent water in the yard. This property is in the highest state of improvement.

The enclosures are new and of the best kind, being of locust posts, chesnut railing and northern pine plank.

The above described property is most admirably located, being high, dry and airy, and is surrounded by streets so that no other property connects with it.

The Garden is large and productive.

Opposite the residence, are three open Lots, containing four acres and a fraction of ground, all in a high state of improvement.

Upon one of these lots is erected a new and well arranged carpenters shop, and a fine potato house built of brick.

At the junction of the lots is a well of pure water, settled for the purpose of watering each lot.

Enclosures of the best sort.

This property will be sold together or separately if found convenient.

The terms of sale shall be entirely accommodating.

Call and see for yourselves.

## *"Vive la Republique!"*

VIVE LES PILLULES VEGETALES INDIENNES DE WRIGHT!

THE ORIGINAL AND ONLY

GENUINE INDIAN MEDICINE.

LONG LIVE THE REPUBLIC! LONG LIVE WRIGHT'S INDIAN VEGETABLE PILLS! Another crisis in the affairs of humanity has passed; another FEVER turned; the hostile elements have met—the battle is fought and won!

FRANCE IS FREE!

A long struggle it has been—first bursting into the wild excesses of sudden political emancipation—then relapsing under a victorious leader; then snapping the chains imposed by the allied powers—and again yielding to time-serving conservatism. But France has tasted the sweets of Liberty. Could she forget it? No! Her perfidious king was, in the splendor of his power, driven ignominiously from his throne, and France—glorious, liberty-loving France, has again taken her place in the van of nations.

*VIVE LES PILLULES VEGETALES INDIENNES DE WRIGHT!*

Napoleon said that "the stomach governs the world." Nations are distinguished by the quality of their cookery, and are indebted greatly for energy of character to the perfection of digestion. While the ancient Romans lived in simplicity, they were invincible; but when luxury crept in, physical and mental enervation followed, until they were no longer able to resist the more hardy northerners. By improving digestion, and removing morbific humors, WRIGHT'S INDIAN VEGETABLE PILLS become a great moral and political engine. They clear the head, and by the buoyancy of spirits which they impart, improve the heart. They thus exercise a powerful influence in favor of civil liberty. The energy of a people depends measurably upon the health of a people, and the maintenance of their rights depends upon their energy. Therefore give health, and you give energy, and sustain popular government.

Let all, then, cherish health, not merely for the enjoyment which it brings, but for the gigantic interests which depend upon it. Let Wright's Indian Vegetable Pills be used in the spring, to prevent disease in the fall. Had Louis Philippe been a man of common sagacity, he would have ceded to the people those little reforms for which they asked, and would thus have staved off a revolution. But he not only denied them, but added insult to injury, by curtailing the few privileges which the people had. Matter and mind are governed by the same general laws. Abuses may accumulate in the human body, which a revolution alone can remove; whereas, by moving in time, the evil day is postponed indefinitely,
