IV, F

Elkton April 16th 1837.—

Dear Sir:

I have recd yours of the 11th inst. The formation of a county Col. Society seems premature, at this time; however, in the course of a month, I will confer with those who live in different parts of the county and inform you better. Mr. Francis B. Cotter of Elk Neck and Mr. Samuel M. Magraw the principal of West Nottingham Academy in this county, may be added to the list I sent you.

~~The~~ two churches are vacant (Presbyterian & Episcopalian) when they are supplied, and joined in effort with the Methodist preacher who may be placed at this station, we may work more efficiently; in the mean time, as my business takes me through the county, I will give further information as I obtain it.—

Very respectfully
Yr. Mo. Obt.
Henry Hollingsworth.—

P. S. I have sent Messrs. Kennard and Easter and the "Md. Col. Journal", news-papers, contg. proceedings of the Col meeting held here during the county court (on the 6th inst.).— You may expect letters from here to be sent to the Md. colony.—
