Ira. A. Easton.

Sir

The accounts of Mr Holmes were made up to the first of September and his salary paid him to that date. The Board resolved to pay him up to the settlement of his accounts by the Committee, inasmuch as he was detained in their service until then to make explanations to. On the 19th Sept. Mr H's accounts were examined by Mr Crane & the president and found to be satisfactory — They were not reported upon finally by the Committee until some time afterwards; but as Mr Holmes' further attendance was then dispensed, with he claims but nineteen days salary at $600 per annum. You will please file this with Mr Holmes receipt in explanation of the transaction
