have been irregular; this of course is the fault of their parents. The classes generally have not advanced as rapidly during the present term, as at former periods, this in part is owing to an unusually heavy rainey season, which occurred during the term. But notwithstanding these obstacles some progress has been made by the classes in general in their respective studies, as follows:- Arithmetic. English Grammar, Geography, History, Reading, Spelling and Defining, Writing, Scripture, Composition, and Declamation. The first class numbers ten; second class thirteen, third class, twenty five, fourth class, ten. At the opening of the school, always after holiday, many of the scholars are promoted by transferring them to higher classes.

The School House is in good condition. Its location adds to the health of the
