We have informed all disaffected parties that if they have good cause for complaint to put the same in writing and send it to the board and we will investigate the same. If well founded we will remedy the evil complained of as far as lays in our power even to the removing of the teacher But up to this time we know of nothing derogatory to the charector of the teacher nor for a complaint against us. Hoping this explanation will prove satisfactorily to you. We have honor to remain very truly - Yrs Obedient servants
