Land for Sale, or

IN EXCHANGE FOR NEGROES.

A gentleman who has settled in the South would exchange a very valuable tract of land of about 300 acres, within 13 miles of Baltimore and 3 miles of the Rail Road, for negroes. It is lime-stone land of the best quality; about 200 acres cleared, the balance in wood, estimated at 4000 cords, the most of it being first quality building timber. There is a fine water power running through the premises. There is a market within a mile of the property for the farm produce and wood, at Baltimore prices. The improvements are plain and substantial, and no situation in the State is more healthy. Address

Sheriff and Collector's Notice.

I do hereby most respectfully inform the public that my accounts for the year 1848 are posted up, and I am now ready for settlements, and that I will allow a discount of five per cent. on all State charges of 1848 paid on or before the first day of September next, in accordance with the late law of the State of Maryland. I have also a large number of accounts due me as Sheriff and Collector for the years 1846 and 1847, and those indebted must come forward and pay off their accounts without delay as it is impossible for me to extend indulgence; but should this notice be disregarded and my accounts not settled with great promptness, I shall most certainly proceed to collect in a very summary manner, as the law directs in such cases. I do not intend by the above notice to inform you merely that I am ready for settlement, but that settlements *must* be made, and with promptness. I have given you timely notice, so look to yourselves, and save me from a disagreeable proceeding and yourselves from cost.

☞The following Certificate from Mr. Thomas S. Allen, a gentleman well known in this City, who was cured by the use of *two bottles* of the Expectorant, after every thing else had failed to afford any relief.

BALTIMORE, April 3rd, 1847.

Mr. James F. Ross—Dear Sir,—About four weeks ago, I caught a severe cold which fell on my breast, accompanied with pains in my side, and a dry hacking cough. I commenced taking a syrup that was recommended to me, but from which I derived not the least benefit: I then commenced drinking freely of composition tea, but with the same result; in fact my cough was getting worse and I became so hoarse that it was with difficulty I could speak above a whisper. At your request, I was induced to try your Expectorant, and I am happy to inform you I was entirely cured by the use of two bottles.

I remain very respectfully, yours.
