To the Board of Managers — of the Md. State Col. Soc.

The Executive Committee respectfully report.

That they have held the Resolution of the Board which directs the appointment by them of a solicitor of subscriptions of membership to the Society under anxious deliberation but considering the great importance of the measure to the success of the Society are unwilling to proceed without the benefit of all the information that can be elicited respecting the qualifications of individuals for the office by an unreserved conference with the members of the Board. and have therefore referred the subject for discussion at this meeting in the hope that the temporary delay of operations may be compensated by a more judicious selection. The names of the following individuals are suggested for consideration and it is hoped that the acquaintance of members with suitable persons may enlarge the sphere of choice.
