McGILL'S SCHOONER.

A NEW and beautiful schooner of 109 tons register sailed from this port on the 10th inst. for Liberia. She was built by Messrs. W. Skinner & Sons, of the best material and was strongly copper fastened. She is to be owned by the firm of McGill Bros. of Monrovia, and is named "Moses Sheppard" in compliment to the venerable "Friend" of that name, so long and well known in this City. Mr. Sheppard has for years been interested in African colonization, and especially in this McGill family. He more than any one else influenced the father in his going to Africa, and has since shown in many ways a deep interest in his children. The schooner is intended for the Liberian coast trade, and will hardly return even for repairs. Her owners remitted to their agent in advance nearly $15,000, which was the cost of the vessel and cargo. This was done too without interruption to their usual orders of goods from England, for an extensive wholesale and retail trade at Monrovia, besides keeping in active service another schooner of 100 tons, built also by "Skinner & Sons" in 1848, and several smaller craft.

Here is a result of African colonization, so practical and desirable that it seems as if no one could fail to appreciate it. It is easy to fancy their probable condition had they remained here.

COLONIZATION FESTIVAL.

The New Colonization Ship "Mary Caroline Stevens"—Visit to the Ship by the Officers of the Maryland Colonization Society, and the Officers and Executive Committee of the American Colonization Society and its auxiliaries—Dinner at the Eutaw House, &c.

The officers and members of the Maryland Colonization Society, in view of the completion of the Colonization ship, the "Mary Caroline Stevens," and the deep interest felt by the friends of Colonization in the enterprise, invited the officers and Executive Committee of the American Colonization Society, and of its various auxiliaries, to meet them yesterday at the Eutaw House, in this city, for the purpose of celebrating her completion. Owing to the inclemency of the weather, there was not as large an attendance as had been expected, but yet there was quite a number of gentlemen present, distinguished for their philanthropic labors in the cause of Colonization, among whom we may mention the following:—W. Parker Foulke and B. I. Coates, Esqs. of the Pennsylvania Colonization Society; Rev. J. B. Pinney, Secretary of the New York Colonization Society; Col. Seaton, (of the National Intel-
