Joan this is about 9 miles from the cape we expect to stay at this place as long as we could for the Indians we left for Pah on the 19 [illegible] our company is now increased we find their to be much like them at the cape only Built of wood the walls about 19 inches in width and about 4 feet right and after that they hewed wood cut and laid on the top of the wall and then the ends dobed with mude we landed yesterday morning in the Combe country Drum Lost the Cavally River runs close by this Town Lost frontier as soon as we enter the Town the Drum was beat to let them know how was in the forms that strangers was in Town and to let them know where they was from we found the Pah very hard to walk a great deal of water to wade and we had a very hard rain to day and we warmed in it all Crossed the country from Rafers Town to Gletters Town as soon as we got to Gletters Town he gave us a feast and as soon as we got dry I called the Kings and head men and Told them what I had come for was to go to Pah country after Talking with them about one hour Told me I could see in the morning and then left me at night I was called by the King and some 2 or 3 head men a guide to pass the same thing over I went over the same thing that I had Told them before and they left that night and Told me they would see me the next day American had never been in this place before and they wanted me to stay some in Town in Town so the women and children could get a chance to see us now the morning is gone and the Indians come to see us and to have a little talk from us and I went over the same as I had Told them before and after a long talk they left me and Told me they must go to their selves and talk the matter over with their selves and look their heads about us Passed no American had never been to Pah when they went to their selves to talk sent them five heads of tobacco and sent them word that they must look their heads good and must bring me word that I can pass for I am determined to go I must return home before I see the Pah country they must make give before they Told me I could pass and Told me to make myself at home all the Combe country belongs to you I thank them and Told them that was all well and all right but that was not what I wanted we had left our home to go to Pah and if you want to make me glad

and the Gru: Glad you must let me pass I dont want to go Pah to do any Bad but I want to do your country good too it will be the means of doing your country good and you will be able to trade better with the American [illegible] all the order is open and the back Lands people know we want cane wood and all the Inds they have they will bring more in to sell and you will be able to give more money when you have more trade after that they left me and Told me I should see the Gov [illegible] and when they meet we the [illegible] they Told me I could pass now I [illegible] and Peter gave me with us for Pah and make our encounter 20 report of them with armans muskets and Dutch thing now we have for Pah and have passed in the above our the next place when we will have to Put up will be the Point of Gletter Country [illegible] the name of this Town is Sebee we arrived here about 4 o clock in the after noon on the 19 about 25 miles from Combe from Combe to Gletter we Travelled on the [illegible] side of the [illegible] River at Gletter we find the Cavally River running this Town East North East we cannot say much about these people about their kindness for we only stood in this Town one night about seven o clock in the morning the next day we left for yeadofo we have to cross the River now on the South side we crosse the Train of mountens in the Gletter country which runs a cross the country East and west as far as man Eye can see from the Gletter country to the yeadofo country we found the road bad we had to wade so much we got to yeadofo about Twelve o clock and found them glad to see me as they had never see one before we found them all out in the woods outen Camwood the Drum was beat to call them home as they can Talk on the Drum the Drummer Told them that was in the wood Strangers had come from the Beach and they was meanicans it was not long before you could see them come from all quarters to see the Grate site that was to be seen but never could get a near off sight as we wanted us to stand out in the rain for them to look at us some said we must take off our shirts and let them see us and other said we must strip off all of our clothes to let them see us and wanted to know if that was the way we went when we at home always have clothes on
