Dance the best we could some Square Rice were handed to us to eat we taste it gratefully and were glad to Receive it Could have some Plantain & Cassada which were handed to us this we partook off satisfactorily & Retired to Rest being called up we Much we came from Walkery, this distance is not less than 45 Miles from Ecuaba It were astonishing to this people to here that the Americans Walked this distance in one day, It is not generally done By Natives, even to them that came with us was astonishing, and said, if we had not been in Company they could not Reached this town in one day, A Proofe of this, is, there is on this Route a Number of Little Houses Built on the Road where Traveller put up at night to Sleepe their, there is not less than 15 or 20 of these Stacked Chanteas built on the Banks of the River and on the side of the path, then if Much is the case, the distant must be great, as there is not an inhabitant Tween Walk in a Day walk, Planted, We Crossed the Head of Zaba River 2.a, Clock in the Day this is a bald River, but I am informed that it is not Navigable all the way it has many Situation and Branches and a large Branch too, falls into the Cavala River, this Jewellen was very attentive to us whilst crossing the River But when there men got to Town they left us every one to his house, and decorate till morning

Pah Cambing Town Newbanga King Bella, Saturday Morning the 25th 1841

None of us well this Morning, all More or less Complaining our Bodys feable for the want of something good for the Body But Considering that we were Name about 200 or more miles from home we Made over Selves satisfied of what we could get, to we got our Breakfast, a Great Number of people in town Called to see us over there were a large one, so it Would Look a Great Many people the Number of Visitors there Many it were very annoying to a Civilized Man feeling, but we Made much of it the best way we could After Breakfast we Walked out about Town Looked about Made some inquiries, found this Was Really Pah Cambing But it were Gramusah Generally in Pah & what is properly called half Pah Went out to see the River Cavala, this is a bald River Passable all the Way to Pah Cambing.

The few lines here - about the Cavala River are left out having been inserted once before

In Canoes & it a very dope this River Runs by this town East & there is not all the way through Pah Cambing the people Natives, tell me they Cant Know where the Head of this River is or where the Quarter comes from they Navigate the River with Canoes to from town to town, this River all the way from Pah Cambing from Dona is an an average more than 300 feet a Breath or not less 150 it is Clear of obstruction Except a few Rapes, of Rocks Crossing the River but not all the way across Plenty of Water for a small Steam boat to ascend & falls & when the Water is at its height a Pettiaugue boat of a ton burden could assend it, this is Positively as a fact, to pass as I am Capable of Judging, Returned to town Complained much of our large day journey, Made a small Dash to this King Bella & Some of the Head men of the town, Jacobber Came on and this morning and told us that we must get Ready to night so as to leave here in the Morning, Mr Banks told him that he were not going any farther this town, As he had been informed that there were Remain town named Gramusah in Pah Cambing and according to our information, that he had heard of a Big town in Pah By Name of Matew, A Dawson of Consider able State, and he were not going to it, unless he were Mad to go, but one of the party said, go on to Mr Banks Determination, he being the head of the Expedition it were Right that none of us should say any thing, because he had Full power over all, if he said go, it were go, if not go, we stayed, Jacobber Whom we were dependence Could speak in the morning a Long time a Stack to the King Bella, & the Head men of this town, he brought out to Pah Cambing that Governor Rutherford had told him to carry us to the place where they Made Cloth, he said that he told the Governor he would do so, & that he must not stope us here but let us Pass on through, Mr Banks at first said he would not go, so Jacobber left us for his town & said that he would Return in 2 or the Next day
