HE RAPS LENTEN DANCE

Bishop Murray Says "Anti" Should Be Prefixed By All Means—He Scores Sunday Entertaining.

"The world is taking possession of Lent and bending that holy season to its own purposes instead of Lent bringing world nearer Christ," was the [illegible]t of Bishop John Gardner Murray, of the Protestant Episcopal Diocese of Maryland, at the Lenten noon service Friday at old St. Paul's.

"The world is now holding Lenten dances, Lenten teas and entertainments. It is using the Sabbath afternoon in extremely worldly engagements. It is turning the day of the Church of God into a day utilized wholly for worldly purposes. And these things are done under the semblance of what might be called Christian practice.

"I do not object to the use of the word 'Lenten' in this connection if they will only prefix the word 'anti.' For such things are anti-Lenten in spirit and in actuality.

Object to World Leading.

"I do object to the world establishing precepts and setting the practice for the church Lenten observances instead of the church establishing precept and setting example for the world.

"I am not against innocent amusement and recreation during Lent, on the Sabbath or any other day, but some people of the world are using the Sabbath to hold entertainments that are questionable on any weekday or in any season of the year.

I am not forbidding pleasure and enjoyment of the good things of the earth, but I am protesting against the world masquerading in the habiliments of the church while doing as it wills. The world should not be ruling the church. The world is the church's and belongs to the people of God and all things in it worth while are theirs. 'For the earth is the Lord's and the fullness thereof.'"

ROCK HALL NOTES

The weekly prayer meeting on Wed- evening at the M. E. Church, was very largely attended. Dr. Robert Watt gave an interesting talk, the last Quarterly Conference for the church this year, was held.

Interesting Roll Call service was held in the M. E. Church on Sunday evening, conducted by the pastor, Rev. Mr. Prettyman, which was preceeded by an inspiring song service, during which, Messrs. W. T. Downey and A. J. Andrews rendered a beautiful duet with organ accompaniment by Miss Elizabeth Davis. Pastor Prettyman's scripture lesson for the occasion, was Rev. 7:9-17, and portions of chapters 20:21:22, of same book. Prayer by Mr. G. W. Davis. The roll was then called and abont 120 responded. The pastor then gave a joyous talk, on the pleasures produced by looking over the family record found in the old family bibles in our homes, but these were in no wise to be compared with the joys of a clean record produced when the "Roll is Called Up Yonder." Earnest appeal was made to the unconverted to flee the wrath to come. Several signified their desire to lead a new life. Six were received into the church, four on profession of faith, and two from the rank of probationers. The services were productive of joyous results to many present. But alas! That old Record Book! My! it needs revising. Hope the Record Committee will get busy in revision, ere another Roll Call.

In order that the ground hog may rest in peace, topics of discussion among old stagers who are still on top of old mother earth in this section are: The difference in grist mill productions in the sixties and now. In those days farmers took 5 bushels of wheat to the mill, and in return received a barrel of flour, a peck of course flour, half peck of Middlings and about a bushel of bran. "Old Pap Adkins" of Fairlee Mill sent word down the line to bring only 4½ bus. of wheat, as that was sufficient for a barrel of flour with the other ingredents as before. Later on the announcement was made that some of the mill owners were going to install roller machinery, then better flour and better results all around would accrue. Soon, however, notice was posted that 5 bus. of wheat must be sent to the mill if the patrons wished a full bbl. of flour. Later on, notice was again posted that 5½ bus. of wheat must be sent for a full bbl. flour and now report is that 6 bus. of wheat must be sent to the mill for a bbl. of flour, with little or none of course flour, middlings or bran. Question, In what way have the wheat growers been benefited by grist mill improvements? Will some one turn on the light through the paper of the people, the KENT NEWS?

The Sunday School Class taught by Mr. C. L. Miller will conduct a Box Social, in the Hall of Wesleyan M. P. Chapel on Tuesday evening next. All invited.

Mr. J. S. Hindes, who has been in a poor state of health for some time, was taken to the Maryland General Hospital on Monday for treatment.

Mr. Thos. Burger met with a close call on Monday afternoon while in the employ of Mr. F. C. Wilkins. He was engaged in hauling with a wagon and pair of horses. Mr. Wilkins detained the team in order to water the horses from a bucket, and to permit the younger of the animals to drink freely, the bit was removed from its mouth, and just then from fright the horses made a dash and while Burger endeavored to guide them safely the bridle of the young horse slipped from its head on to the collar, the team then became unmanageable and in the wild flight the wagon struck a post and turned turtle catching Burger beneath it. Mr. Wilkins hastily extricated Burger and found him dazed and suffering contusions of the head, shoulder and both legs. He was removed to Mrs. Wilkins' residence where restoratives and pain soothers were applied after which he was taken home. He is now getting along fairly well. The horses after getting loose from the wagon leaped over fences with the agility of dogs. They were uninjured.

The Young Men's Literary and Social Club of Still Pond M. E Church has rented the old post office room in the Harper building and is having it painted, papered, carpeted, &c., ready for use as a reading room and social hall. The object is to provide a comfortable homelike place where the young men of the community may spend their spare time in reading good literature, and enjoying each others society. This organization is making rapid progress and attracting considerable interest. The membership has more than doubled since it was organized two weeks ago. This is an opportunity for those who are interested in the welfare of young men to render service that will be helpful. Some good pictures are needed on the wall. A year's subscription to various papers and magazines would be appreciated, A Baltimore and Philadelphia daily are especially needed. Good books to fill the library shelves will fill a valuable place in the work of the society.

DEATHS.

Mrs. Martha Jane Dodd, 72 years old, widow of John Dodd, a large real estate owner of Queen Anne's coutny, died early Saturday morning of heart failure, at the home of her daughter, Mrs. A. S. Goldsborough, 2912 St. Paul St., Baltimore. Mrs. Dodd, the daughter of John H. and Martha Evans, was born in Queen Anne's county and educated at the Maryland School for Girls at Lutherville. She was first married to the late James A. Reed, from which marriage one child, J. Arthur Reed, survives. She was a sister to Mrs. Josiah Massey, of near town.

The remains of Mrs. Elizabeth Lusby, wife of R. P. Stewart, who died in Philadelphia on Sunday, aged 78, were brought to Middletown and interred in Forest cemetery Wednesday. The funeral was in charge of Dr. F. H. Moore, of Forest Presbyterian Church, and Rev. Mr. Clews, of Kennedyville. The pall bearers were: Dan. M. Cochran, Woodall Cochran, W. Lee Pennington and Harvey Stewart.

The death of our esteemed friend, William S. Elburn, was noted in brief in the NEWS last week. He died at the home of his son, Mr. Walter L. Elburn, near Chestertown, last Friday morning, of general debility, aged 75 years. The deceased was born in Chestertown, and spent nearly his entire life in the county. As a young man he engaged in the wheel wright and wood working business, in partnership with the George H. Thompson and afterward with the late George E. Leary.

Mr. Elburn was perhaps the first man ever to apply steam power in a wood working plant in this county. At a time when all lumber and parts used in the construction of building vehicles and implements were turned out by hand, he installed steam power, thus revolutionizing the woodworking industry in this locality. On account of an accident which disabled him physically he abandoned his trade and engaged in farming which vocation he followed throughout his life. For several years he has resided near Chestertown, usually spending about six months of the year in Florida, where he had numerous friends and acquaintances. He was a good man with a clean record.

Mr. Elburn's wife, who was before marriage a Miss DeFord, died about three years ago, he being survived by four sons—James T. and Charles H., of Rock Hall; Walter L. and R. Frank, of Chestertown. Funeral services were held Sunday afternoon, conducted by the Rev. W. R. Graham, D. D.; interment in Chester cemetery. The pallbearers were Messrs. Wm. A. Wheatley, Thos. G. Wroth, Wm. A. Burk, Thomas Willis, John C. Davis and James T. Dixon, with Undertaker J. E. Ferguson in charge.

In attendance at the funeral of Mr. Elburn, and a sad incident in connection therewith, was his grand-daughter, Mrs. Merlie Elburn Triplett, whose husband, a conductor, on the B. & O. between Baltimore and Washington was killed only three weeks ago, while assisting his crew of brakemen in shifting cars.

GRANGE NOTES.

TOMATO CONTRACTS.

Farmers of broad Neck have been offered $8 per ton for tomatoes by the Gibbs Preserving Co., but they refuse to accept the offer.

It is desired to form a Pennusila Association of farmers and a committee composed of John Perry, W. S. Cross and H. U. Gould has been named in Queen Anne's to take charge of same. Mr. Gould is secretary and wants to hear from Kent's farmers. They have agreed to grow tomatoes for not less than 16 cents per basket.

A large and representative meeting of Kent county tomato growers was held at Still Pond Saturday, February 8. Mr. S. S. Hepbron, the Worthy Master of the County Grange, stated the object of the meeting to agree on a uniform price for tomatoes in Kent county. Some Maryland canners paid as low as fifteen cents per basket last year, while others paid as high as 22 cents per basket. Two cents per can is all the farmer gets of the 15 cent per can the consumer is paying now.

The farmer should be allowed to name the price on his tomatoes. Some contracts have been made for the coming season at $10 per ton, which was the "prevailing price" last year, while other growers are demanding 18 cents per basket. Most canners are wailing to find out the lowest price that will satisfy the farmers.

Broad Neck has over 500 acres which they have placed in the hands of a committe and are ready to contract at 17 cents per basket. Mr. B. F. Rash said Mr. Carr was a fine man but there were other canners that he would rather grow tomatoes for at two dollars per ton less money. The farmers should wait until the most favorable time before contracting, then they will get the price they want.

After the discussion brought out many more important facts the chairman, Mr. Wm. G. Smyth, called for a resolution taking some action. A resolution was passed agreeing not to grow tomatoes at a less price than the "prevailing price" of last year. The "prevailing price" of last year was $10 per ton. A committee of one from each of the thirteen canning localities represented at the meeting was named to carry these resolution into effect. William T. Nicholson, Buck Neck; George Beck, Broad Neck; Harry Davis, Turner's Creek, Robert Hill, Shallcross Wharf; Samuely Comly, Blacks; Wm. W. Clendaniel, Kenndyville; Joshua Jarrell, Morgnec; Edward Hepbron, Still Poud; Wm. H. Bonwill, Rosedale; George Hadaway, Betterton; A. L. Harris, Barnard's Wharf; F. H. Cornelius, Lynch; B. F. Rash, Worton. The committee will make its report at a meeting in Still Pond Saturday February 22, at 1 o'clock. Mr. Wm. G. Smyth was named a committee of one to attend the Queen Anne's meeting Tuesday.

In response to a public call for a meeting of the growers of tomatoes at Buck Neck, about fifty farmers gathered at the Grange Hall at Fairlee, on Monday, February 10th, and after discussing the matter thoroughly unanimously adopted a resolution not to grow tomatoes for a less price than they received last year, and placed the matter of disposing of between five and six hundred acres in the hands of the following committee: Wm. T. Nicholson, J. L. Debuty, E. A. Corey, H. C. Willis, H. T. Rash and W. G. Smyth.

FAIRLEE NOTES.

The Public will have the pleasure of enjoying a rare treat this Saturday evening, in an entertainment given by the "Robley Male Quartette," in Fairlee Hall, one of a course of four most excellent entertainments, under the auspices of Fairlee Grange. Everybody will be "doing it," Saturday evening—attending the entertainment.

One of our good, intellectual Fairlee citizens, Mr. Archie Ramage, is in a Baltimore hospital for treatment. We hope for his speedy recovery. He is a man possessing a remarkable memory; one who is often consulted in reference to happenings of years ago.

There was an enthusiastic meeting of tomato growers, in Fairlee last Monday afternoon. Not often you see so many representative farmers in a body, as were in attendance at that meeting. They pledged themselves not to sell for less than they received last year.

All is life about our Fairlee shops. Mr. Harry T. Hoyle, the proprietor is just hammering away, having employed additional help.

The merchants here are on the go, mid-winter sales—cut prices.

Our builders are booking orders for spring work to begin in March.

The fishermen have caught fish to some extent during the open winter.

Young chickens around for the opening of Tolchester. The raisers expect 25 cents per lb. for them there.

The 4th quarterly conference of Fairlee Charge met at the parsonage in the village last Thursday morning. The pastor Rev. T. N. Given, who has done excellent work on the Charge, was unanimously called to return next year.

The M. E. Calendar Club held a very pleasant Valentine Social at the home of Miss C. I. Smyth on last Friday evening. The receipts of the evening were gratifying.

The special meeting of Fairlee Grange Wednesday, was a great event. The music by Messrs. Bordley and Hurlock, of Chestertown, and by the grange choir with some of the best voices in the county, is certainly worthy of mention. The "Garner" edited by Miss Violet Beck, was a spicy number. Many excellent articles were contained therein.

The St. James Church supper, will be held in the Fairlee Hall next Thursday evening. Everybody knows that St. James suppers can't be beat. This church was certainly well represented in the M. E. and P. E. Church entertainments, which were held a few weeks ago, and these churches in return will show their appreciation by partaking of the supper.

The Grange will hold a colonial entertainment next Wednesday evening. Colonial costumes will be in evidence.

Mrs. Irma Malcolm and Mrs. May Lowen, of Smyrna, Del., are visitiug Dr. and Mrs. Frank W. Smyth. These ladies were school-mates of Mrs. Smyth and they attended the special meeting of the grange last Wednesday evening.

WEDDING BELLS.

MURRAY—JEWELL

To be twice married in two days was the unusual experience of Miss Anna M. Jewell, daughter of Mr. and Mrs. William Jewell, of Washington, D. C., and Mr Arthur H. Murray, son of Rev. S. Reese Murray, of Catonsville last week. As Miss Jewell is a member of the Roman Catholic Church the marriage ceremony of that faith was performed by Rev. P. C. Gavin at the Cardinal's residence, Baltimore, on Tuesday. The following day Mr. Murray went to Towson and secured a license for a marriage ceremony in the county. They then went to Catonsville and were married at the parsonage of Catonsville Methodist Episcopal Church by the groom's father. Following the ceremony a luncheon was served, after which the bride and groom returned to Washington.

CRUIKSHANK—WOODALL

On Saturday evening, February first at 6.30 o'clock, at the beautiful residence of her mother, in Georgetown, Miss Julia Elizabeth Woodall was married to Mr. Thomas Chandler Cruikshank, Jr., by Father Daly, of St. Dennis Church at Galena.

The bride's gown was of hand embroidered white crepe meteor, trimmed with shadow lace and pearls. Her veil was held in place with sprays of orange blossoms. She carried a large shower bouquet of bride roses and lillies of the valley. Miss Alice Woodall, a sister of the bride was maid of honor, and Miss Grace Cruikshank, a sister of the groom and Miss Margaret Woodall, another sister of the bride, were bridesmaids. They were gowned in striped pale yellow chiffon over messaline, and carried jonquils. Master William LeCates, a very small nephew of the bride, was ring bearer. The groom and his brother, Mr. Louis Cruikshank, of Philadelphia, were attired in the regulation evening clothes. Mrs. Holt Woodall presided at the piano. The house was artistically decorated, under the very capable direction of Miss Elizabeth Pumphrey, a Baltimore friend of the family, with quantities of potted plants and evergreens. Only the families of the bride and groom and a very few close friends were present. A reception followed the ceremony. The couple left on a northbound train for a short wedding trip.

FOR Fifteen days Moody & Lusby "the Chestertown Clothiers," will sell the remainder of their stock at exactly one-third the regular price. This means $15.00 suits for $5 00, $12 00 for $4.00, $10.00 for $3 33⅓, and everything in their line same way. Be in time.

I have 30 Valuable Farms in Kent alone, which can be bought at prices that will make these propositions superior to anything in which you could invest for a sure, steady investment.

These farms are for sale—not put up because they are worthless—but because the owners, for reasons of health, or too much land to till, or wanting a smaller farm, or too much in debt, are in a measure compelled to sell.

The list I can submit to you is the result of careful investigation, and contains tracts of land that will prove a profitable investment for your Funds.

The proportion of wise investments is greater in Real Estate than in any other line of investment.
